

NO MORE VODKA FOR THE RUSSIANS

No Strong Drink of Any
Kind Can Be Purchased
Any Where in Russia

ONE MAN RESPONSIBLE

Michael Demitrovitch Tchelisheff Directly Responsible for
Ending Russia's Great Vice

RESULTS ARE PLAINLY VISIBLE

Petrograd, Nov. 18.—There is prohibition in Russia today, prohibition which means that not a drop of vodka, whiskey, brandy, gin or other strong liquor is obtainable from one end to the other of a territory of 150,000,000 people and covering one-sixth of the habitable globe. The story of how strong drink has been utterly banished from the Russian empire was related to The Associated Press by Michael Demitrovitch Tchelisheff, the man directly responsible for putting an end to Russia's great vice, the vodka habit.

It should be said at the beginning that the word prohibition in Russia must be taken literally. Its use does not imply a partially successful attempt to curtail the consumption of liquor resulting in drinking in secret places, the abuse of medical licenses and general evasion and subterfuge. It does mean that a vast population who consumed 1,000,000,000 worth of vodka a year, whose ordinary condition has been described by Russian themselves as ranging from a slight degree of stimulation upward, has been lifted almost in one day from a drunken inertia to sobriety. The nation has been compelled virtually overnight to abandon its enormous daily consumption of vodka liquor that is almost pure alcohol and become abstemious to the extent of letting no liquor pass its lips.

Imperial Seal on Shops.
On that day when the mobilization of the Russian army began, special policemen visited every public place where vodka is sold locked up the supply of the liquor and placed on the shop the Imperial Seal. Since the manufacture and sale of vodka is a government monopoly in Russia, it is not a difficult thing to enforce prohibition.

From the day this step was taken, drunkenness vanished in Russia. The results are seen at once in the peasantry; already they are beginning to look like a different race. The marks of suffering, the pinched looks of illness and improper nourishment have gone from their faces. There has been a remarkable change in the appearance of their clothing. Their clothes are cleaner and both the men and women appear more neatly and better dressed. The destitute character of the homes of the poor has been replaced with something like order and lift. In Petrograd and Moscow the effect of these improved conditions is fairly startling. On holidays in these two cities inebriates always filled the police stations and often they lay about on the sidewalks and even in the streets. Things are so different today that unattended women may now pass at night through portions of these cities where it was formerly dangerous even for men. Minor crimes and misdemeanors have almost vanished.

Accomplished by One Man.
This miracle has been virtually accomplished by one man. He is Michael D. Tchelisheff, a peasant by birth, originally a house painter by profession, then mayor of the city of Samara and now a millionaire. Physically he is a giant, standing over six feet four inches and of powerful build. Although he is 55 years old he looks much younger. His movements display the energy of youth, his eyes are animated and his black hair is not tinged by gray.

Mr. Tchelisheff's Statement.
Speaking of what he had accomplished for the cause of sobriety in Russia, Mr. Tchelisheff said in part:

"At the end of the eighties there came famine in Russia, followed by agrarian troubles. I saw a crowd of peasants demanding from a local landlord all the grain and footstuffs in his granary. This puzzled me; I could not understand how honest men were indulging in what seemed to be highway robbery. But I noted at the time that every man who was taking part in this incident was a drinking man while their fellow villagers who were abstemious had sufficient provisions in their own homes. Thus it was that I observed the industrial effects of vodka drinking.

"On the suggestion that the government was selling vodka for the revenue, I calculated the revenue received from its consumption in Samara. I then introduced a bill in the city council providing that the city give this sum to the Imperial treasury, requesting at the

War News Summarized

While along the fighting lines in France and Belgium and in east Prussia, Russian Poland and Galicia fierce fighting continues and engagements have been won and lost at various places, nowhere has a decisive result been achieved either by the allies or the Germans and Austrians.

In the west the same ding-dong fighting that has been proceeding for weeks along the entrenched line which extends virtually from the North Sea to the Swiss frontier is being waged—here an artillery duel there an infantry attack—with lines, however, remaining but slightly changed.

From Petrograd by way of Paris, however, comes the statement that a "terrific battle of unexampled violence has been proceeding for four days around Soldan, the Russians endeavoring to avenge their former reverse at this place, throwing themselves upon the Germans with indescribable fury and carrying position after position by assault, despite the fire of the Germans.

In the latest official statements issued by the French war office it is announced that in the region of St. Michel the Germans have blown up the western part of Chauvencourt, which they had mined.

An earlier official announcement mentioned the fact that the French maintained in their possession the western part of Chauvencourt. It would thus seem possible that the French had met a reverse at this point, possible with considerable losses.

Regarding this position the German official statement says: "On the west bank of the Meuse, near St. Michel, an attack by the French which at first was successful later broke down completely."

As a result of the firing by Turkish land forces on a launch from the United States Cruiser Tennessee which was proceeding from Vourlah to Smyrna, Asia Minor, the United States government has directed the American ambassador at Constantinople to ask the Ottoman government for an explanation and the commanders of the Tennessee and North Carolina have been instructed to take no action likely to cause the American government embarrassment.

In the east the battling is more in the nature of field operations. Here there are claims to victories by both the Teuton allies and the Russians and an admission by the Russians of at least one defeat—near Izyouze, Poland. Petrograd says that here the Germans forced back the Muscovite troops and gained a foothold near Izyouze and Orloff.

Along the east Prussian frontier however, Petrograd declares the Russians have made successive advances and claims that in Galicia they have captured the passes of the Carpathian mountains, through which the Austrians would be forced to wend their way back into Austria in case of a decisive defeat. According to Berlin the Russians were forced to retreat near Soldan.

The Tennessee is at Chios, Greece, having left Vourlah, to which she returned after the incident, at the request of the ambassador. The Washington officials express confidence that the matter will be adjusted through diplomatic channels.

Winston Spencer Churchill, first lord of the British admiralty, announces that the British naval losses now amount to more than 8,000 men.

Valparaiso reports that the British Transport Crown of Galicia has been sunk as the probable result of an attack by German cruisers. The crew has been saved and will be landed at Valparaiso.

MASKED BANDIT FATALLY WOUNDS FREIGHT CONDUCTOR

Bandit Who Attempted to Hold-up
Northwestern Train Escapes Uninjured.

Dakota City, Iowa, Nov. 18.—A masked bandit who entered the caboose of Northwestern stock train No. 182 between Bradgate and Rutland at 4 o'clock this morning, shot and fatally wounded a freight conductor Reynolds who died shortly afterward from the wound and the bruises he received when both fell from the train. On entering the coach the bandit ordered the passing crew to hold up their hands and began to shoot. Conductor Reynolds made a dive for the bandit and in the fight both fell from the train. Poses are searching for the bandit who escaped uninjured. A man, who protests his innocence, but refuses to give his name, was arrested late today three miles north of Gilmore City.

U. S. TROOPS WILL PRESERVE ORDER

Prairie Creek, Ark., Nov. 18.—With the intention of preserving order at any cost, Troop B, of the Fifth Cavalry left camp today for Midland, four miles up the Hartford valley, where it was reported a party of non-union miners would arrive in the night from Fort Smith for the purpose of operating the Page-Denham mines under orders from the United States court.

ASK FOR EXPLANATION OF FIRING BY TURKEY

OFFICIAL DECLINES TO BELIEVE FIRING WAS A HOSTILE ACT

Believe Firing on U. S. Launch Was Either Friendly Warning That Port of Smyrna Was Mined or Closed or Else the Launch Was Turned Back Because It Attempted to Enter Without Making Previous Arrangements.

Washington, Nov. 18.—The United States government has directed Ambassador Henry Morgenthau at Constantinople to ask the Ottoman government for an explanation of the firing by Turkish land forces at a launch from the American Cruiser Tennessee proceeding from Vourlah to the American consulate at Smyrna, Asia Minor.

Secretary Daniels, with the approval of President Wilson simultaneously cabled the commanders of the Tennessee and the North Carolina, also in the Mediterranean to take no action which might embarrass the American government and to await specific instructions from Washington concerning the general situation. These steps followed the receipt of a message from Captain Benton C. Decker, commander of the Tennessee which was paraphrased in this statement from the navy department:

Department's Statement.
"Captain B. C. Decker, in command of the Tennessee wired Secretary Daniels this morning that while proceeding from Vourlah to Smyrna to make official calls boat was fired at. Consul anxious for safety of consulate, Tennessee proceeded to and left Vourlah at request of Ambassador and is now anchored in the harbor of Selio (Chios), Greece, from which Captain Decker's telegram was sent. Secretary Daniels wired for fuller information."

Although without definite details as to just what occurred, high officials of the Washington government had no doubt that the incident, no matter where the responsibility lay, would be promptly adjusted through diplomatic channels. President Wilson is determined that under no circumstances shall the United States be involved in war with Turkey. If the Turkish officers acted without authority of the Ottoman government and the firing was not justified by naval procedure in a closed port, it is confidently believed here that the Ottoman government will render apology.

On account of the slow cable communication from Constantinople through the only available route—Bulgaria, Roumania, Austria and Italy—no message concerning the incident came from Ambassador Morgenthau, his last despatch dated Nov. 14th only arriving today. They were of a routine character.

Officials are puzzled. With the navy's message as the only basis for judgment, President Wilson and administration officials were considerably puzzled over the affair. The president telephoned Secretary Daniels several times during the day and also discussed the situation with acting Secretary Lansing. Two suggestions were vouchsafed by high officials, although they admitted that their views were purely speculative. The firing, they thought, probably was a friendly act giving the customary warning by a single shot signifying to the Tennessee's launch that the port of Smyrna was mined and closed, or else the boat was turned back because it attempted to enter without previous arrangements having been made with the Turkish authorities.

Officials of the government declined to believe that the firing was an unfriendly or hostile act. Assurances given by the port have repeatedly pledged protection to the attack on Naco, Sonora made to the United States by the Yaqui Indian troops. Two of the men were Americans—H. H. Reynolds, United States customs inspector, whose leg bone was shattered and a trooper of the Tenth U. S. Cavalry, hit by a spent bullet. The third was a Mexican agent for General Hill, whose Carranzalists troops are defending the Mexican town.

Three of Hill's wounded were killed in their beds by shrapnel fired at their temporary hospital which flew the red cross flag. Hill's allies for the day were 18 killed and 50 wounded. A passing train, the Golden State Limited, had an unpleasant experience when a stray bullet from the Mexican side struck a window of a Pullman, shattering glass on a sleeping passenger. There was heavy fighting all morning but the cannonading in the afternoon was only intermittent.

BRITISH TRANSPORT REPORTED SUNK BY GERMAN CRUISERS

Rumor Does Not State Whether
Transport Was Sunk by Her Own
Crew or by Germans.

Valparaiso, Chile, Nov. 18.—There are persistent rumors here that the British Transport Crown of Galicia has been sunk. It is not stated whether the vessel was sunk by her own crew or by the Germans. The crew of the transport, it is said, was saved and will be landed at Valparaiso by the German steamer Blakette of the Kosmos line.

VILLA MARCHING ON MEXICO CITY

Commands Troops Under
Control of Mexican Con-
vention, Aguas Calientes

FORCE CAPTURES LEON

His Army Takes Railroad Center
South of Convention City
Without Firing a Shot

IS WELL EQUIPPED FOR THE MARCH

Washington, Nov. 18.—General Francisco Villa in command of the troops under the control of the Mexican convention at Aguas Calientes is marching on Mexico City. His army took Leon, the first important railroad center south of Aguas Calientes without firing a shot.

The forces of General Pablo Gonzalez, loyal to Carranza are gathered at Queretaro and Irapuato, where the first important clash in the hostilities between General Carranza and the convention probably will occur. These facts were reported in official messages received today from George C. Carothers, American consular agent, accompanying General Villa. Carothers stated that General Villa was well equipped for the march.

From American Consul Sullivan came a despatch saying conditions were far more serious in Mexico City than they had been since the parleys for peace began. He regards actual hostilities as inevitable, though some of the generals are still trying to patch up the differences that have arisen.

Carranza "Misunderstood."
General Carranza, according to messages from Mr. Sullivan and Leon (Anaya), special agent at Aguas Calientes, has declared that he had been misunderstood; that he never intended to deliver the executive power except to General Pablo Gonzalez or some other man of his own selection and in whom he had entire confidence.

Although there have been no definite advice, it was believed by officials tonight that General Carranza, chosen provisional president by the convention at Aguas Calientes, had ordered a general attack on Carranza garrisons. Carranza troops practically all of the northern half of Mexico and General Villa's advance is within 200 miles of the Mexican capital.

On moving of convention forces is moving eastward from San Luis Potosi to Tampico. Another is endeavoring to cut off the forces of General Jesus Carranza at Puerto Mexico from communication with Mexico City or Puebla. An engagement near Puerto Mexico at Jullie was reported today by American Consul Canada. General Jose Carranza, a Villa commander was killed.

Whether or not the ex-federal forces under Generals Higinio Aguilar and Argumedo, which threaten Puebla are working in harmony with General Villa is not known but renewed attacks on the Carranza lines by the Zapata troops who are loyal to the convention are expected.

Hurt by Stray Bullets.

Naco, Ariz., Nov. 18.—A Mexican woman was killed, 3 others wounded and three men hurt on the American side today as the result of the attack on Naco, Sonora made to the United States by the Yaqui Indian troops. Two of the men were Americans—H. H. Reynolds, United States customs inspector, whose leg bone was shattered and a trooper of the Tenth U. S. Cavalry, hit by a spent bullet. The third was a Mexican agent for General Hill, whose Carranzalists troops are defending the Mexican town.

Three of Hill's wounded were killed in their beds by shrapnel fired at their temporary hospital which flew the red cross flag. Hill's allies for the day were 18 killed and 50 wounded. There was heavy fighting all morning but the cannonading in the afternoon was only intermittent.

EDITOR PETER STAR DIES.
Peters, Ill. Nov. 18.—Eugene F. Baldwin, aged 78, editor and publisher of the Daily Evening Star died here tonight after an illness of three weeks.

MUST WAIT COMPLETION RAILROADS VALUATION

FOR FINAL SOLUTION OF FREIGHT
RATE PROBLEM

Total Cost of Ascertain Value of All Carriers' Properties Estimated at \$50,000,000—Would be Basis of State Freight Rates as Well as Inter-State Rates.

Washington, Nov. 18.—Final solution of freight rate problems as well as the question of government ownership must wait for completion of the physical valuation of railroads in the opinion of Charles A. Prouty, director of valuation of the inter-state commerce commission. Judge Prouty addressed the national association of railway commissioners here today, telling the members that the treatment of railroads probably was the most important question before the country and outlining the tremendous task with which he has been entrusted.

The total cost of ascertaining the value of all carriers' properties he estimated at something over \$50,000,000 of which the railroads would spend \$25,000,000 in preparing maps and other data. The total cost to the government he remarked "would scarcely be more than the cost of the British dreadnaught Audacious, sunk off the coast of Ireland."

"This valuation is national but is to be made along state lines," said Judge Prouty. "When completed, it undoubtedly will supercede all state valuations that have been made. It will be the basis for the making not only of inter-state but of state freight rates."

Most Important Question.
"Probably the most important practical question before this country today is its treatment of our railroads. Is the government to take over these agencies of transportation or shall they be left to the operation of private capital? Assuming that we are to leave the discharge of this function to private enterprise, what rates shall be accorded in order that the present investment may be fairly dealt with and that such further investment will be induced as will render possible the proper development of these facilities?"

"In the past this question has not been to maintain railroad credit; but it is evident that the time is at hand if it is not already here, when there is grave doubt as to whether these rates must not be generally increased. This question cannot be satisfactorily answered until there is a national valuation of these properties."

To Prevent Duplication.
Explaining precautions taken to prevent duplication in the valuation the speaker said:

"It has been too much the fashion in the past to assume that whatever was required of a railroad cost was nobody's business. The road cost that notion is fast becoming evident. It is becoming plain that somebody has to pay and that somebody is. In the last analysis the general public. In these times when carriers are insisting that rates must be advanced and when they are supporting that claim by showing which at least makes all of us stop and think, we are extremely reluctant to squander several million dollars in a mere duplication of work, if that could be avoided."

LEGAL ACTION TO ESTABLISH IDENTITY OF MYSTERIOUS J. C. R.

Chicago Woman Will Bring Suit in
U. S. Court in Effort to Restore
Property to Unfortunate Man.

St. Louis, Nov. 18.—That a new legal action will be brought to establish the identity of J. C. R., who claims a share of the \$100,000 estate of James Caldwell of Taylor, N. D., was the statement made here today by Mrs. Harriet Pitkin of Chicago, self appointed guardian of the "many of mystery."

Through the efforts of Mrs. Pitkin, J. C. R. was identified here last night as the son of James Caldwell, well known by Freker, a local building contractor, who claims to be a business associate of the elder Caldwell. The testimony of the St. Louisian, Mrs. Pitkin said tonight, will enable her to prove that J. C. R., who was found unconscious and robbed of speech through paralysis on the depot platform at Waseca, Minn., June 24th, 1907, is Jay A. Caldwell, who disappeared from Starke county, North Dakota, in October, 1905.

"I will go from here to North Dakota and bring a suit in the United States court which I feel confident will restore to this unfortunate man the property that rightfully belongs to him," Mrs. Pitkin said.

TAKES UP QUESTION OF STATE BANK ADMISSION

FEDERAL RESERVE BOARD CONSIDER-
ING APPLICATION OF STATE BANKS

Effort Will Be Made to Attract
State Institutions to the New Re-
serve System—President's State-
ment Main Topic of Discussion in
Financial Circle.

Washington, Nov. 18.—The federal reserve board has taken up the question of regulations for the admission of state banks to the new reserve system. The matter will be discussed with care and an effort made to attract as many state institutions as possible. Figures given at the time national banks began to subscribe to the new system showed a total of about 35,000 banks in the country of which about 7,500 belonged to the national system. In addition to all the national banks with one exception, applications for membership were received from a few state banks. In other cases state institutions became national banks and in this way gained entrance. The number which gained admission through these processes, however, was exceedingly small compared to the total number of such banks.

Main Topic of Discussion.
New York, Nov. 18.—President Wilson's reassuring statement to the secretary of the treasury in connection with the inauguration of the new federal banking system was almost the main topic of discussion in financial circles today. Taken in conjunction with the completion of the cotton pool, it was hailed as an augury of betterment in other directions. One more step toward the restoration of normal financial conditions was recorded during the day when the committee of bankers and bond dealers which was organized soon after the outbreak of the war to supervise dealings in unlisted bonds and unlisted guaranteed stocks, announced its retirement. The well established market now prevailing for these securities and the absence of all danger to the loan situation enabled the committee to take this action. There was another conference between leading bankers and authorities of the stock exchange relative to the advisability of an early re-opening of that institution but that result was once more inconclusive. The suggestion that a beginning be made by having daily "calls" in bonds and guaranteed stocks, as was the custom in the early days of the exchange was reported to have met with little favor in influential quarters.

Industrial conditions are of great promise, according to authoritative trade advisers. Copper metal scored another fractional advance and purchases of pig-iron have increased materially. Buying of finished steel and iron thus far this month was considerably in excess of the corresponding period of the preceding month and leading mills increased their average of production. Incidentally some of the larger railway systems came into the market for new equipment.

TEN PERISH IN FLAMES WHICH DESTROY REFORM SCHOOL

Fire Escape Doors in Florida School
Are Reported Locked When Fire
Was Discovered.

Marina, Fla., Nov. 18.—Ten persons were burned to death here today when fire destroyed the main building of the Florida reform school. Nearly a hundred boys escaped by climbing through a skylight and down the sides of the three story building on fire escapes. The dead are:

Bennett Evans, instructor in carpentry.
Charles Evans, guard, and the following boys:
Earl Morris, Joseph Weatherbee, Clifford Giffords, Louis Haffin, Louis Fernandez, Walter Fisher, Waldo Drew and Clarence Parrott.

According to a statement telegraphed to Governor Trammell tonight by acting Superintendent William Bell, all fire escape doors in the section where deaths occurred were locked when the fire was discovered. Governor Trammell has telegraphed president W. H. Milton of the board of directors of the school asking for an investigation. The fire is thought to have been caused by the explosion of an oil lamp on the first floor.

FIGHTING ALL ALONG FRONT CONTINUES

Latest Communications
Show No Appreciable
Change in the Situation

REPULSE GERMAN ATTACK

British and French Report All
Infantry Attacks Made by In-
vaders Have Been Repulsed

BOTH SIDES ARE LOSING HEAVILY

London, Nov. 18.—The latest official communications recording the operations on the western battle fields are much the same as those of preceding days. There has been fighting virtually all along the front but without any appreciable change in the situation.

From the coast of Flanders to the river Lys on the Franco-Belgian border, much of which has been flooded by the allies to hinder German attacks, there has been a repetition on a somewhat smaller scale of the bombardment which the invaders invariably resort to in the scale of the bombardment which the invaders invariably resort to in the hope of breaking down the allies' resistance before infantry attacks and in isolated spots attacks in force have been made but according to the French and British reports, all these have been repulsed.

Invaders Renew Attacks.
The Anglo-French forces, which have been holding the territory around Ypres have again been subjected to determined attacks, fresh German troops having attempted to force the allies out of their trenches, a task which the Prussian guards a few days previously failed to accomplish.

As was the case with the Prussian guard, the Germans who made the latest effort appear to have taken on the first line of trenches but like the guards found themselves attacked on the flanks and were compelled to give back the ground gained after holding it for a short time.

Both sides as shown by the casualty lists of the officers, are losing heavily in the fighting, but the Germans on the offensive and so often enflamed after success was nearly in their hands, are said to have suffered enormously.

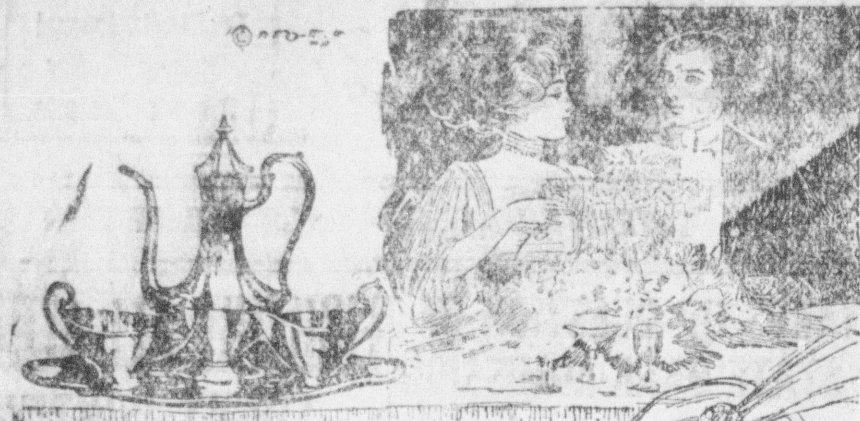

Zouaves Dislodge Germans.
The French Zouaves who have frequently distinguished themselves by dashing charges have been utilized again to dislodge the Germans from a position near Bixchoote over which there has been much fighting and according to the French communication they again have been successful. These incidents are merely examples of what has been occurring in northern France, along the Aisne valley, around Rheims, in the Argonne forest and on the banks of the river Meuse.

First one side and then the other gains an advantage but when all is told the general situation remains about as it was. Reports come from France that the Germans are preparing to make another attempt to get through to the coast by way of Labasse but like the rumor that they are preparing for a retreat there is no confirmation. In the east the Germans and Austrians have turned after their retreat from the Vistula, to face the Russians in East Prussia, in Poland, and before Ercew. Each of these regions probably will provide a big battle but the most important will be that in Poland, where the Germans are sending their strongest and best armies in the hope of smashing the Russian center. This would compel the Russians to fall back again to the Vistula and relieve Silesia from the immediate danger of an invasion.

Concerning the fighting in the Balkans and the near east only scraps of information are reaching the outside world. In South Africa General Louis Botha, commander-in-chief of the defense forces, reports the breaking up of additional rebel commanders and the capture of guns, ammunition and provisions. The Earl of Crewe disclosed in the house of lords today that in East Africa the Indian troops are being employed against the Germans. That there has been heavy fighting is shown by the fact that the British casualties to date total 900.

UNKNOWN WOMAN SLUGGED.

Aurora, Ill., Nov. 18.—An unidentified woman about 50 years old and well groomed, was probably fatally slugged tonight with a pipe wrench. She was dragged into a church yard near the business center by her assailant who the police say was a young, slender man. The Chicago police have been asked to watch for him. The Aurora police say the attempted murder resembled the slaying of Theresa Hollander, who was beaten to death in a graveyard with a club last February. Her murder has not been found.

Increase in Land Prices.

With strong prices being offered for corn, wheat, oats and hay and practically every other product of Morgan county farms and with the strong indication that prices will go even higher because of the continuation of the war the opinion is growing that an increase in the price of land is at hand.

Within the past two years there has been a material falling off in the price of farm lands partially because crops have not been up to the standard and partially because money has been tight. Men who have been observing the situation closely and who have been considering crop price possibilities are firm in the opinion that it will be only a short time now until an advance in land prices equal to the slump of the past two years will be recorded. If this prophecy is true, and there seems good foundation for it, the present is a very favorable time to invest in Morgan County land.

Plan to Help Wayfarers.

Members of the local branch of the Salvation army are planning to rent a room or building adjacent to the square where they can provide free beds and morning cup of coffee for homeless men who reach the city during the winter months. The fact that thirty men have been cared for nightly at the city hall recently has brought the need for such a charity sharply to the attention of the Army officers. They believe that they could rent a building of the kind needed for \$25 a month and that it could be heated with stoves at a slight cost. It is stated that the matter of fuel has already been arranged for and the officers believe that if the money for the rent is provided that there will be no trouble at all in securing funds to cover the cost of coffee and rolls or bread.

The plan is practical and should receive the support which will make it possible of execution. Just at present there are many men going through the country, out of employment, who are not properly clothed, as tramps and who are weary of a helping hand. This however does not apply to all the travelers for some of them are no doubt professionals who would shy off from a job if one happened to be offered. And while provision is being made for strangers, the people resident here should not be forgotten. The Salvation army "hotel" if established should be open to the needy of Jacksonville. From all indications there will be not only men, but women and children as well who this winter, will be lacking in a warm place to sleep and in the necessities of life.

Sullivan as Bryan's Co-Worker.
And now there is a rumor that Roger Sullivan may be offered a place in President Wilson's cabinet as the successor to William C. Redfield secretary of commerce. If this should happen it will be well for President Wilson to see to it that Mr. Bryan and Mr. Sullivan do not occupy adjacent seats about the cabinet conference table. Here is the newspaper story about Roger's possible aggrandizement.

"According to word coming through T. F. Russell, former member of the Illinois Live Stock Commission, and closely identified with the campaign of Roger C. Sullivan, of Chicago, for the nomination and election, Sullivan is being wooed for appointment as a member of President Wilson's cabinet. The place with which Sullivan's name is connected is that of secretary of

commerce, now held by William C. Redfield of New York. The latter is said to be slated for the chairmanship of the new Trade Commission, and in the event he is named it will leave a vacancy in the cabinet which the friends of the former national committeeman from Illinois think he can fill."

AT SCOTT'S THEATRE.

A new Lubin series will start today at Scott's theatre and will run every Thursday. "The Beloved Adventurer," the fifteen part Lubin series, written by Emmett Campbell Hill especially for Arthur V. Johnson and Lottie Briscoe, has been described as a character study which it is. It should not be thought to be lacking in thrilling situations. On the contrary there are a dozen incidents that will cause the most hardened spectator to hold his breath in suspense or gasp with astonishment. This is not merely by reason of the exciting "business," but because the thrills are legitimate and are logical developments from reasonable situations, not mere "stunts" dragged in for the sake of spectacular effect, and because these incidents have been so introduced as to obtain dramatic contrasts yet artistic abruptness.

Instead of following the not unusual course of writing his stories around some big mechanical effects or twisting machine made plots to embrace them, the author of "The Beloved Adventurer" has made the sensational and spectacular scenes incident to and not the basis of the fifteen unit-plots contained within one masterplot of the series. Usually the photoplaywright is hampered and limited by the consideration of expense, but it was not so in this case, the Lubin Company being determined that nothing should stand in the way of a perfect production, and giving the author a free hand. There are as a consequence, some effects which ordinarily would have been considered as "big" enough to serve as feature scenes in multiple reel productions, but which in "The Beloved Adventurer" are only incidents in the single-reel units—as, for instance, a head-on collision, and the wrecking and burning of two railway trains, and the burning and blowing up of a ship.

Arthur Johnson is called on to display skill and daring in many ways, and Miss Briscoe performs the unique feat of lassoing, from the top of a hundred-foot cliff, a man standing at its base and then dragging him up the sheer face of the rock like a fish at the end of a line.

The complete story of "The Beloved Adventurer" which Emmett Campbell Hill has written and which is published by the Lubin Company coincidentally with the release of the film, is enough to cause one's pulse to quicken perceptibly, and to force the conclusion that "adventure" is a mild term to apply to the experience of Lord Cecil.

AN OPEN LETTER TO "TIMOTHY" Sir—

Since you have no wish to discuss, controvert, just to exhibit your capacity of being able to drive the foe to the ditch, won't you tell me: What do you mean by "Sanitary System," as related to Mrs. Eddy's teachings?

Again, since you have on the whole armor of God and like a good soldier, fighting for that which you call truth, and you cannot fight for that of which you have no conception, pray tell me, what truth is? As I understand, a sanitary system means a clean up and the keep clean of I am clean then, Mrs. Eddy's system cleans up and keeps clean as fast as the clean up is achieved. For a sinner is not made in a day, nor, is a sinner absolved of all impurities in a day.

As for truth, since we all, who are not hypocrites, are striving to locate, know and apply truth in our lives but, all claim to have found it, and preach it, and of the all, diametrical and antagonistic preachings are put forth, this would logically imply, that truth is a most mysterious and incomprehensible what?

By their fruits can one know them is a favorite hypothesis of yours, but what you call a poisonous fruit, Christian Science, there are thousands who pluck and eat and find it an excellent fruit. Is not this a fact, then, that our tastes are cultivated quite differently, so that which is good fruit to me, is not to you, but is only bitter, indigestible food, and generates, from your view point, death in all those who eat it?

How, then, O "Timothy" will you make all see what you see, hear what you hear, taste what you taste? It cannot be done till you tell us, absolutely, what and where truth is to be found. Then your task is only half completed for you will have to give us a vision of truth as you see it, so that we join hands, head and heart with you.

BIG LOT OF DAIRY CATTLE AT THE BLACKBURN SALE

Ninety Head of Cattle Found Ready Buyers—Demand Snappy for Horses and Mules—Sale Totaled Over \$9,000.

One of the largest sales held for some years in Morgan county was that of Fletcher J. Blackburn on the Edm. Blackburn farm six miles northwest of the city Wednesday. Ninety head of cows and heifers, 24 head of horses in addition to farm implements and grain were sold the receipts totaling over \$9,300. Jerry Cox and Jed Cox were the auctioneers and Charles S. Black and Homer H. Potter clerks. Mr. Blackburn considered the sale satisfactory. The implements and vehicles were sold between ten and eleven o'clock and brought fair prices only. Then came the straw, oats, corn and hogs, the latter bringing just about the market prices.

There were so many cows and heifers that the auctioneers had to work very rapidly to get them all up and disposed of between the hours of 12:30 and four o'clock and afterward came the horses. Many of the cows offered were high grade Holsteins, part of them purchased in Wisconsin and there were in addition about twenty-five Jerseys and fifteen shorthorns. The highest price paid for a cow was \$112.50, J. S. Campbell buying a Holstein at that figure. There were several sales above \$100 and a still larger number between \$90 and \$100. An experienced dairyman who attended the sale said that the very best cows did not sell for nearly their full value while the animals of lesser quality came nearer selling for their full worth. The same man mentioned that farmers in this locality have not yet learned that a strictly high class dairy cow should sell for \$125 to \$150. The prices for the horses ranged from \$150 down and a pair of animals sold at \$325. Observers expressed the view that the prices indicated a good horse market.

Purchased Cows.

Some purchasers of cows and heifers and prices paid were as follows:

HENRY GRUNDER WILL PLACED ON RECORD

Life Interest in Farm—Property is Given to Wife and Daughter—Farmers State Bank & Trust Co. Will Administer Estate.

The will of Henry Grunder of Woodson was filed Wednesday with County Clerk Boruff. The farm property is willed to his wife and daughter, Mrs. Mabel Crain, for life and is to descend to her children.

First—It is my will that my funeral expenses and all my just debts be fully paid.

Second—I give and bequeath to my beloved wife, Lucy B. Grunder, and my daughter, Martha Mabel Crain, all the rents and profits annually arising from the cultivation of 140 acres of land owned by me, located N. W. 1-4, section 3, township 13 north and range 16, to be divided equally between, share and share alike, during their natural lives, and the whole amount of such rents and profits mentioned above, to the survivors of the above named beneficiaries during her natural life, after deducting the taxes and costs of the necessary repairs after the death of both of the above beneficiaries, if either survive me.

The lands above described shall descend and be the property in fee simple of the children of my daughter, Martha Mabel Crain.

Third—I further give and bequeath to my beloved wife, Lucy B. Grunder, eight acres in the village of Woodson with all appurtenances to same, together with the household goods in the same and also such other personal property as may be mine at my death.

Fourth—I give and bequeath to my brother, John Grunder, of Dalton, N. Y. \$1000 to be equally divided among his 3 children, share and share alike, the children of the deceased to receive the share of the parent, to be equally divided among them.

And it is my will that those receiving rents shall have no title which they can mortgage or encumber, but shall remain intact and clear.

Lastly I nominate and appoint John E. Wright to be executor of this my last will and testament, hereby revoking all former wills by me made.

The will was witnessed by William G. Russel and George M. Cunningham and was dated March 18, 1908.

On January 7, 1910 Mr. Grunder added a codicil to his will, erasing the name of John E. Wright, as executor and substituting that of James McKean. In case of Mr. McKean's inability to complete the trust his son George was appointed to carry it out. It is also a provision of the codicil for the expense of funeral of Mr. Grunder and his wife to be taken out of any rents and money due his estate.

A second codicil was drawn December 6, 1911, revoking the appointment of James McKean and George McKean as executors of the estate and appointing the Farmers State Bank & Trust Company. These codicils were signed by the same persons witnessing the will.

Men wanting real comfort should buy underwear of FRANK BYRNS Hat Store.

CASE ADDED TO DOCKET. The case of the people vs James A. O'Neill, charged with larceny, was filed Wednesday with Circuit Clerk Pratt. O'Neill is charged with robbing the Wells Fargo Company of property valued at \$11. The theft is alleged to have been committed October 4. The case will come up for hearing at the next term of the circuit court.

STEAMER REACHES NEW YORK WITH VAN DYCK PASSENGERS

Mrs. J. C. Miller, Formerly Miss Irene Thompson Thought to be Among List of Passengers.

New York, Nov. 18.—The Steamer Sao Paulo which arrived tonight from South American ports brought 114 of the passengers who were on board the Lamport and Holt Steamer Van Dyke when she was captured by the German Cruiser Karlsruhe. The Sao Paulo did not have regulation accommodations for the large number of passengers she brought here but the American consul at Para made special arrangement with the state department allowing her to carry more passengers than her license permitted.

Mrs. J. C. Miller of Sao Paulo, Brazil, is thought to be a passenger on board the Steamer Sao Paulo and is enroute to this city to visit her parents, Judge and Mrs. Owen P. Thompson. Mrs. Miller was formerly Miss Irene Thompson. Mrs. Miller was a passenger on board the Steamer Van Dyke which was captured by the Germans. When asked for the passenger list late last night the New York Associated Press office returned the following word:

"The passenger list of the Steamer Sao Paulo is not now available. The boat with passengers is still at quarantine."

JURY LEAVES COURT HOUSE.

About 1:30 o'clock this morning the jury in the case of Frank S. Tribble vs. Isora Burnett, trespass, left the court house. The case was given the jury at 5 o'clock Wednesday afternoon and at 9 o'clock Wednesday night Judge Creighton instructed the deputy in charge that

In case the jury reached a verdict it should be reduced to writing and it, together with all the papers in the possession of the jury, should be given over into the care of the officer in charge, and then the jury should be allowed to separate. He was also instructed to caution the jurymen against telling that they had a verdict or the nature of their agreement. The jurymen are to assemble in the juryroom this morning at 9 o'clock when their papers will be returned and they will report their agreement to the court.

MRS. MYRTLE W. TANDY ELECTED PRESIDENT

CHOSEN HEAD OF THE REBEKAH GRAND ASSEMBLY.

Jacksonville Woman is Chosen to Highest State Office at an Election in Springfield Yesterday.—Odd Fellows Elect A. Otis Arnold of Quincy as Grand Warden.

Springfield, Ills., Nov. 18.—The election of officers by the Grand Lodge of Illinois Odd Fellows and by the Rebekah assembly, a parade in which 4,500 members of the two orders participated, and the selection of Springfield as the meeting place for 1915, were features of the annual encampment today.

Arnold Elected Grand Warden.

A. Otis Arnold of Quincy, was elected Grand Warden of the Grand Lodge, I. O. O. F., and placed in line for the highest office in the state order, the Grand Mastership, at this morning's session of the Grand Lodge convention at the state capitol. M. P. Berry, of Carthage, was elected treasurer over W. M. Groves of Petersburg, by a large majority.

The election of Arnold was the surprise of the triple-link conven-

tion. H. M. Blood of Chicago, chief of instructors and examiners had been considered as the sure winner with Arnold second.

When the vote was counted however, the returns showed that Arnold was elected by a majority of 40 votes over the combined vote of Blood and Q. U. A. Ledbetter of Elizabethtown who also entered the race.

Grand Secretary John H. Sikes of this city, was unanimously re-elected. Retiring Grand Master Warren C. Darnall of McLean and Past Grand Master John E. Jennings were elected grand representatives, the former to succeed W. A. Hubbard of Carrollton. Jennings was re-elected.

The Grand Lodge Illinois Odd Fellows election follows:

Grand Warden—A. Otis Arnold, Quincy.

Grand Master—William H. Pease, Harvey.

Deputy Grand Master—John J. Crowder, Peoria.

Grand Treasurer—M. P. Berry, Carthage.

Grand Secretary—John H. Sikes, Springfield.

Representative to Sovereign Grand Lodge—Walter C. Darnall, McLean.

The election of officers of the Rebekah assembly was postponed until after the parade this afternoon. Lengthy reports of officers caused the postponement of the election.

The parade today was the last number on the program for the Grand Encampment while the Grand Lodge and the Rebekah assembly will continue in session tomorrow.

Sessions of both the Grand Lodge and the Rebekahs were featured this morning by concerts given by the L. O. O. F. Orphans Home band of Lincoln. Tonight a special program was given by the band and other talent under the auspices of the Rebekahs at First Christian church. Tomorrow afternoon delegates to the convention will visit the home at Lincoln.

Exemplifications of the Second and Third degrees was tonight's program for the Grand Lodge. The ceremonies were held at the state armory. The degree staff of Teutonia Lodge No. 166 of this city exemplified the Second degree. The degree staff of James R. Kewley Lodge No. 1023 of Chicago exemplified the Third degree.

The Rebekah assembly elected the following:

President—Mrs. Myrtle W. Tandy, Jacksonville.

Vice-president—Mrs. Lura B. Latham, Eldorado.

Warden—Mrs. Cora Neff Phillips, Bushnell.

Secretary—Mrs. Mae E. Crowell, Rockford.

Treasurer—Mrs. Emma F. Turner, Cambridge.

McEvers.

Mrs. Della McEvers, wife of William McEvers, formerly of Jacksonville, died in Birmingham, Alabama, Nov. 3. Mr. McEvers is a nephew of Cicero McEvers of this city.

HIGH SCHOOL WILL PLAY EAST ST. LOUIS SATURDAY

Jacksonville is Closing up Season Without a Defeat and is One of Strong Down State Eleven.

Jacksonville high school basketball team will meet the East St. Louis eleven on Illinois field Saturday afternoon, the last game of the season, unless the school succeeds in scheduling a game for the Saturday following Thanksgiving. A game would be planned for Turkey day but that is the time that Illinois and William and Vashti struggle for supremacy.

Little is known of the East St. Louis high school aggregation. East St. Louis is the third largest sized city in Illinois and the coach should have a large number of players from which to pick a team.

Coach Buland is taking no chances against the school and is putting his men through a stiff week's practice. All the men came out of the Quincy game in good condition and with the season nearing a close, they should put up a great article of ball. The lineup will be: re, Boxell; rt, Robinson or Strawn; rg, Meyer; c, Hering; lg, Reynolds; lt, P. Strawn; le, J. Pyatt; qb, R. Reynolds; rhb, Maddox; lhb, E. Pyatt; fb, Killbrew.

Considerable dope is going the round about the state championship team. West Aurora high school claims to have the best title to the honors, because of their defeat last Saturday of Champaign. Champaign had previously defeated Springfield high, as did Rockford last Saturday. Greenfield is claiming the honors also and their game with Springfield Saturday will give a line on their strength.

Jacksonville has not been defeated this season and has played some of the big towns of the state, and they are claiming a slice of the championship pie. Joliet which was one of the contenders for state honors was defeated last Saturday by Peoria central by a score of 44 to 14. Jacksonville won from Peoria central.

Coach Buland is endeavoring to get a game for the Saturday following with West Aurora, or else with Canton, Mo., the school which holds the state title in Missouri. It is probably that if a game cannot be arranged with either of these two schools that negotiations will be opened with Greenfield again, providing they are not defeated by Springfield. Jacksonville had an opportunity to play Rockford but there was nothing to gain by so doing as Rockford had been put out of the running. After this week a truer line can be secured on the state championship title.

NO MORE VODKA FOR THE RUSSIANS

(Continued from Page One.)

same time that the sale of vodka be prohibited. This bill passed and the money was appropriated. It was offered to the government but the government promptly refused it.

Tchelisheff was elected to the Duma and an anti-vodka bill he introduced there was killed by the Bureauquacy. He continues:

"While I lobbied in Petrograd, the emperor visited the country around Moscow and saw the havoc of vodka. He then dismissed Kokovsov and appointed the present minister of finance, M. Bark."

"Mobilization precipitated the anti-vodka measure. The grand duke, remembering the disastrous effects due to drunkenness during mobilization of 1904, ordered the prohibition of all drinks, except in clubs and first class restaurants. This order enforced for one month showed the Russian authorities the value of abstinence. In spite of the general depression caused by the war; the paralysis of business; the closing of factories and the interruption of railroad traffic the people felt no privation. Saving banks showed an increase in deposits over the preceding month and over the preceding year. At the same time there was a boom in the sale of meat, groceries, clothing, drygoods and house furnishings.

"I dreaded to seize this occasion for a press campaign, so far as this is a possible thing in Russia. I organized delegations to present petitions to the proper authorities for the prolonging of this new sobriety during the duration of the war. This step found favor with his imperial majesty and an order was issued to that effect. Another similar campaign to remove the licenses from privileged restaurants and clubs was successful and strong liquor is no longer available anywhere in Russia.

"The second month of abstinence made the manifold advantages so clear that everybody when we called upon His Majesty to thank him for his recent orders, he promised that the vodka business of the government would be given up forever. This promise was promulgated in a telegram to the grand duke Constantine."

PEORIA LADY TELLS REMARKABLE EXPERIENCE WITH STOMACH REMEDY

Mrs. W. L. McClellan Gives Valuable Advice to Every Stomach Sufferer She Meets.

Mrs. W. L. McClellan, of Peoria, suffered torture from indigestion, gas, belching and other symptoms of stomach trouble. She spent large sums of money for doctors' advice and medicine. Still her condition did not improve. She found relief, wonderful, surprising relief in a drug store window. This is her story, as she tells it:

"I suffered so from distention and colic pains that at times I was completely incapacitated for my household work. I saw a window display of Mayr's Wonderful Stomach Remedy and decided to purchase a bottle, which I did. I have taken only one bottle and the results have been really wonderful. I have not had a pain in my stomach since last Sunday and let me say that for the first time in many months, two days following I have had a natural movement of the bowels. I feel I cannot say enough for the remarkable virtues of your remedy."

Mayr's Wonderful Stomach Remedy clears the digestive tract of matted accretions and poisonous matter. It brings quick relief to sufferers from ailments of the stomach, liver and bowels. Many declare it has saved them from dangerous operations; many are sure it has saved their lives.

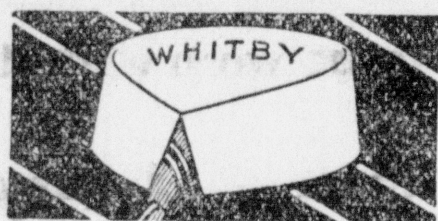

We want all people who have chronic stomach trouble or constipation, no matter of how long standing, to try one dose of Mayr's Wonderful Stomach Remedy—one dose will convince you. This is the medicine so many of our people have been taking with surprising results. The most thorough system cleanser ever sold. Mayr's Wonderful Stomach Remedy is now sold by leading druggists everywhere. Advertise your.

OLD PHOTOGRAPH RECALLS DAYS OF JACKSONVILLE TURN VEREIN

Turners were Organized in Jacksonville in 1853 and Hall was Sold in 1909—Societies Still Exist in Many Places.

Louis Leurig, 865 North Main street, while hunting through some old papers a few days since, found a group photo of a Turner picnic of twenty-five years ago which recalls the time when the Jacksonville Turn Verein was a prosperous organization and the old Turner hall on North Main street, where Cherry's Annex stands, the scene of many a gymnastic drill and pleasant social gathering. The picnic was held on the Henry Dorre farm east of the city and was attended by a score of Turners and their families. The local Turn Verein was organized in 1853 and the building was sold and the organization finally disbanded in 1909, although for several years previous to the latter date, regular meetings had not been held.

GRANDMOTHER KNEW

There Was Nothing So Good for
Congestion and Colds
as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. You can now get the relief and help that mustard plasters gave, without the plaster and without the blister.

MUSTEROLE does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Just massage MUSTEROLE in with the finger-tips gently. See how quickly it brings relief—how speedily the pain disappears.

And there is nothing like MUSTEROLE for Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet, Colds of the Chest (it often prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50. Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.

ner, Fred Batz, Julius Antreter, Jacob Herberg, Charles Beddele, Herman Weber and Fred Puttoff, besides several children. The deceased members of the group are F. F. Schmalz, Henry Lom, Henry Ricks, William Engel, Peter Imboden, Felix McAvoy, Benjamin Graubner, Henry Engel and Louis Leurig, Sr. The photograph is in good state of preservation and, so far as known, is the only one in existence.

The first Turner societies in the United States were founded in Philadelphia and Cincinnati in 1848 and shortly after the New York Turn Verein had its start in Hoboken. Two years later there were ten societies and these were formed into a National Turner union.

The Turners in America had their origin in the revolution of 1848. Many Germans of ability and patriotism came to this country as refugees and nothing was more natural than that they should form on this side of the water this organization with the same ideals of social enjoyment and self development with which they had been familiar in the Fatherland. They aroused some antagonism at first on the claim that they were un-American and hence unpatriotic, but all this was swept away at the outbreak of the civil war. Turners volunteered in such numbers that in one state, New York, a Turner regiment was organized and in Ohio, Missouri and other states there were hundreds of Turners who volunteered and fought in the Union cause.

MORTUARY

Henderson.

Gertha, daughter of Mr. and Mrs. Melvin Henderson of the Ebenezer neighborhood, died at the family residence Wednesday morning, after an illness of two weeks. The child was born Jan. 10, 1914, being 10 months and 8 days old. She was a twin sister of Bertha Henderson, deceased, and besides the parents surviving there is another pair of twins, Melvin Jr. and Mildred, also Delmer and Dorothy.

The funeral services will be conducted at 11 o'clock this morning from the Arcadia church in charge of Rev. W. A. Boyd and interment will be made in the Arcadia cemetery.

Olds.

Bernard Lorenzo Olds died Tuesday afternoon at his home in Pomona, Calif., according to word received in the city by his nephew and foster-son, E. A. Olds, advertising manager for the Jacksonville Courier. The funeral will be held in Pomona this afternoon. Mr. Olds was sixty-four years old and was born in Franklin, Vt. He visited in Jacksonville in May 1913, and will be remembered here by a number. Stomach and heart trouble was the cause of his death.

After graduating from the St. Albans academy in Vermont Mr. Olds went to Oberlin college, Oberlin, O., where he received the degree L. B. He was of an inventive turn and was at one time engaged in the manufacture of threshing machines. He has resided in Montreal, Canada, and in Edgar, Neb., and for a number of years was interested in mining and real estate in Colorado. About eight years ago his health began to fail and he removed to Pomona.

Mr. Olds is survived by his wife, Mrs. Katie Woodworth Olds; one son, Percy W. Olds of Pomona, Calif., a daughter, Mrs. E. W. Carringer of Denver, Colo., two sisters and a brother. E. A. Olds of this city, who was reared by the deceased, is one of a number of nieces and nephews. Mr. Olds was prominent in the Masonic order and in the Odd Fellows. He was a member of the Methodist Episcopal church and was at various times in his life instrumental in the building of new churches. He was known for other charities as well and was a close friend of several men of prominence in the Methodist church.

WILL TEST BOILER TODAY AT THE NEW POWER PLANT

A cold water test of 240 pounds per square inch will be given today at the new Jacksonville Railway & Light Co. power plant on the west bank and the test boiler will be given a similar test a few days later. The work of bricking up will then go on and the boilers will be ready for a steam test in about two weeks.

The contract for the steel work at the new plant has been awarded to the Illinois Steel Bridge Co. The contract calls for 48,000 pounds of structural steel, 35,000 pounds of which will be used in the roof trusses. The roof will be made of reinforced concrete.

SWISS AMBASSADOR CELEBRATES.

Washington, D. C., Nov. 18.—The 69th anniversary of the independence of Switzerland was celebrated today at the Swiss Embassy, where Dr. Paul Ritter, envoy extraordinary and minister plenipotentiary of Europe's little republic, received many visitors. In further celebration of the day, a Swiss costume ball is being given tonight in the old Masonic Temple by the Swiss societies of Washington. The ambassador and his staff are guests of honor and many other diplomats are invited.

NORTH CAROLINA CHURCHES REPORT GROWTH

Asheville, N. C., Nov. 18.—When the annual conference of the Methodist Protestant church in North Carolina met here today, reports of phenomenal growth were read from all sections of the state. The past year has been one of the most successful in the history of the church in North Carolina. During this time 200 new churches have been built and more than 1,500 new members have been added to the conference. A large number of pastors and laymen are attending the conference, and Asheville is furnishing elaborate entertainment for the guests.

FEDERATION DELEGATES PETITION PRESIDENT

RESOLUTION IS ADOPTED WITHOUT DISCUSSION BY THE CONVENTION

Calls Upon Wilson to Insist That Colorado Operators Immediately Comply With the Federal Plan of Settlement or Appoint Receiver to Take Over Operation of the Mines.

Philadelphia Nov. 18.—The American Federation of Labor in annual convention today unanimously adopted a resolution calling upon the president of the United States "to insist that the Colorado coal operators immediately comply with the federal plan of settlement" of the strike in that state and "in the event they refuse, that he take such steps as are necessary to have a receiver appointed for the purpose of taking over the mines affected and operate them in the interest of the people, under federal supervision, until such time as the civil and political rights of the people are established."

"The resolution was reported to the convention by the committee on executive council's report and was adopted without discussion. The committee expressed sympathy for the strikers and assured them support until the strike is settled."

Raises President's Salary.
The convention also adopted by a vote of 150 to 33 a resolution raising the salary of the president of the federation from \$5,000 to \$7,500 a year and that of the secretary from \$4,000 to \$5,000.

With regard to the trouble within the ranks of the organized mine workers in Montana the convention instructed the executive council of the federation to use its efforts to bring about industrial amenity and union solidarity in that state.

The committee on the executive council's report took up most of the afternoon session in presenting its report which virtually approved everything done during the past year by the executive council of the federation. The jurisdictional dispute between the United Hatters and the Cloth Hat and Cap Makers and that between the gas and water workers and the plumbers organization in San Francisco was referred to the executive council for further action.

Other resolutions advocated improvements in the federal steamboat inspection service and favored a retirement law for superannuated federal employees.

ERADICATE THE RAT!

A Disease Breeder and Carrier That Serves No Good Purpose.

Rats are dangerous. They have no legitimate business, nor can they serve any good purpose in any community. Sanitarians are well agreed that rats are a serious menace to health. They are so filthy in their habits as tenants of the sewers and as feeders on everything dirty and diseased that it is no wonder they are carriers of disease, parasites and plague infection.

That rats are afflicted with many diseases more than bubonic plague is confirmed by Dr. Rupert Blue, surgeon general of the United States public health service, who, speaking on this point, says: "Other infections of the rat are trematodes, or flukes; cestodes, or tapeworms; nematodes, or round worms; protozoa, insects and vegetable microbes." Of the rats examined in San Francisco 34 per cent were infested with tapeworms.

Plague is primarily a disease of the rat. It is communicated from the plague stricken rat to other rats and from rats to man by means of fleas, as the principal agent, yet it has been determined many times that handling a rat that has been dead of plague only a few hours gives the infection almost instantly. Two small boys while playing in an unused cellar found the body of a dead rat. The corpse was buried with unusual funeral honors. In forty-eight hours both were ill with bubonic plague. A laborer finding a sick rat on the wharf picked it up with the naked hand and threw it into the bay. He was seized three days later with plague. But the flea is the chief inoculator. Fleas abandon a rat dead of plague and go in search of living beings who still have warm blood circulating in their veins. Biting man they inoculate into him the living virus which starts the disease.

Since plague is a disease due to rats and rat fleas and not to filth or dirty habits, there's only one thing to do to avoid plague, eradicate the rats. This can be done by making war on them with traps, poison and starvation, and by "rat proofing" against them; that is by building them out. As a result of the Chinatown plague epidemic in 1907, so efficient was the ratproof construction that followed, that rats and plague were entirely "built out" of that part of the city.

FIRST CATCHER'S PAD.

It Was Worn by Charlie Bennett of the Old Detroit Team.

Charlie Bennett, the noted catcher of the famous Detroit team of 1887, often told with delight the story of how he and his wife made the first catcher's breast protector.

It was a constant source of worry to Mrs. Bennett to watch her husband being made a target for the speed merchants of thirty years ago. And she fully realized the pressing necessity of some kind of armor to prevent the hot shot sent through by these speedy slabs from caving in a rib or two which belonged to her better half.

ROGER BRESNAHAN TO PILOT CUBS IN 1915

NEGOTIATIONS WITH WEEGHMAN ARE ENDED

Charles Webb Murphy Still Has Large Influence in Chicago National League Organization and Cubs Will Stay on West Side.

Chicago, Nov. 18.—Developments affecting the Chicago National League club—and through it the state of the baseball war existing between the Federal League and the parties to the national agreement—came fast today. First was the revelation that Charles W. Murphy, despite his having been "ousted" last winter, still has a large influence among those directing the club's affairs; then came Charles P. Taft's declaration of a break in Charles Weeghman's negotiations for the purchase of the Taft interests in the club and the third was the first definite announcement that Roger Bresnahan would be manager of the Cubs in 1915.

Murphy's influence became apparent in the success of his fight to keep the Cubs on their West Side playing ground, of which he is half owner, with Mr. Taft holding the other half. On returning from Cincinnati, Murphy declared there was no chance for Weeghman's buying into the National League club and by Taft's announcement that negotiations were ended.

Finally Murphy stated positively that Bresnahan would succeed Hank Gowdy as West Side pilot. Partial confirmation of this came later when President Thomas was requested by Mr. Taft, over long distance telephone, to bring Bresnahan to Cincinnati, there to attend tomorrow a special meeting of the Cub directors and discuss with the catcher terms under which he would take over the management.

The news of these developments brought from Charles Weeghman a declaration that war would continue with the Federal in better position than ever to wage it.

Announce No Decision.

Cleveland, O., Nov. 18.—After inspecting the proposed site for a Federal League baseball park in Cleveland President James A. Gilmore of the league, G. B. Ward and W. E. Robertson of the Brooklyn and Buffalo Federal League clubs, respectively stated late this afternoon that no decision would be announced until the regular meeting of the league in December.

The local men interested in the proposition, however, were assured a definite answer at that time.

President Gilmore confirmed the report from Chicago that war between organized baseball and the Federal League "would be waged to the bitter end."

He re-echoed the sentiments expressed in the statement said to have been made today in Chicago by Charles Weeghman of the Chicago Federals.

SIGNALS OF DISTRESS.

Jacksonville People Should Know How to Read and Heed Them.

Disordered kidneys give many signals of distress.

The secretion may be dark, contain sediment.

Passages are sometimes frequent, scanty, painful.

Backache is often present day and night.

Headaches and dizzy spells may occur.

Weakened kidneys should receive quick help.

Don't delay! Use a special kidney remedy.

Doan's Kidney Pills are for weak kidneys, backache and urinary disorders.

Jacksonville evidence proves their worth.

P. J. Meany, blacksmith, 323 North East St., Jacksonville, says:

"When I used Doan's Kidney Pills two or three years ago, they fixed me up in good shape. My kidneys pained me terribly and my back ached, especially when I stooped. The action of my kidneys was irregular. Doan's Kidney Pills not only stopped the pains and aches, but also regulated the kidney action."

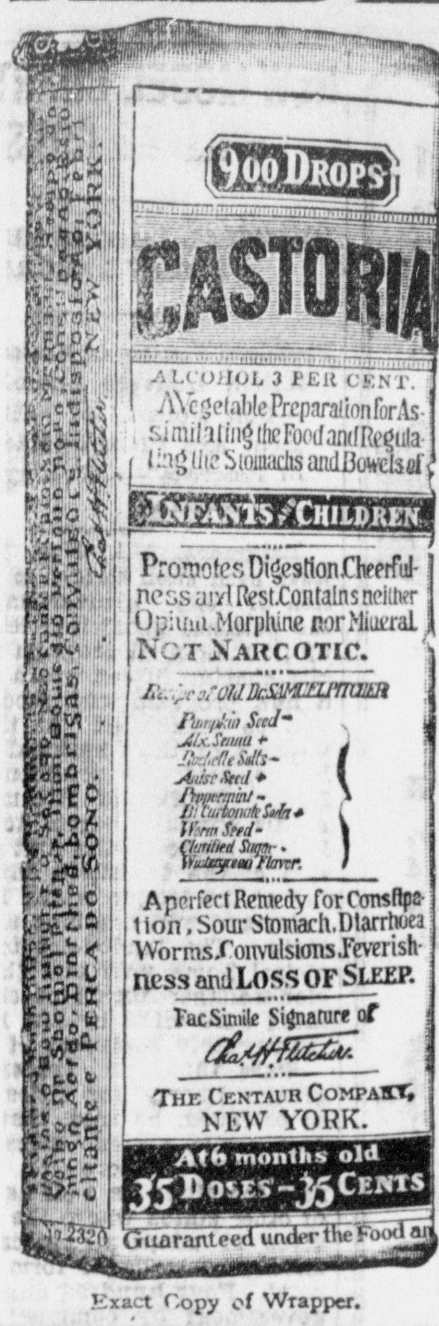

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Meany had. Foster-Milburn Co., Props., Buffalo, N. Y.

OUCH! RUB BACKACHE, STIFFNESS, LUMBAGO

Rub Pain From Back With Small Trial Bottle of Old "St. Jacob's Oil."

Back hurt you? Can't straighten out soreness, lameness and stiffness so quickly. You simply rub it on your back and out comes the pain. It is harmless and doesn't burn the skin.

Limber up! Don't suffer! Get a small trial bottle of old, honest "St. Jacob's Oil" from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 50 years.

CATTLE FEEDING

Woods' Improved Grain Softener

Pat. Applied for 100 bu. size.

This wonderful device for softening grain, or cooking it will enable you to feed cattle without hogs following them, as the cattle digest all they eat when made digestible. If you have hogs you can feed them the soup of the corn, if not give it to your calves, or cattle.

I find everything on the place likes this mush even the chickens do well on it, and they lay more eggs if fed on hot mush, with a little meat scraps mixed in it.

We can make a separate coil of pipe and place inside the furnace to heat the drinking water, without any trouble. This can be put to one side or used as a part of the grate where the hot coals lay on it all the time. This mush is the very thing to fatten poor horses on. It equals feeding green corn to them and is also great for dairy cows, makes them produce 1-4 more milk.

FOUR GREAT HEROES.

Their Fall From the Giddy Heights of
Ambition and Power.

History records that Alexander the
Great, who was the pupil of Aristotle
at fourteen, and who reigned over the
Macedonians at sixteen, while his
father was absent, and who succeeded
Philip when he was nineteen, after
climbing the heights of his ambition,
fell from his lofty eminence. Alex-
ander, with his temples bound in chap-
lets dipped in the blood of countless
nations, looked down upon a conquered
world and wept that there was not
another one for him to conquer, then
set a city on fire and died amid scenes
of debauch.

Hannibal, one of the greatest soldiers
who ever lived, after having passed the
Alps, to the amazement of Rome, and
having successfully fought and con-
quered the armies of the mistress of
the world, stripping three bushels of
gold rings from the fingers of her
slaughtered warriors, died from his
country. He died by poison admin-
istered by his own hand, unlamented,
in a foreign land.

Cæsar, considered as a general, a
statesman and a ruler, has had few
equals and probably no superiors. Af-
ter conquering 800 cities and dy-
ing his hands in the blood of mil-
lions of his enemies, after having pur-
sued to death the only rival he had,
was assassinated by those whom he
considered to be his best friends.

Bonaparte, the greatest general of
modern times, after having filled the
earth with the terror of his name de-
voted it with tears and blood and
clothed the world, as it were, in sack-
cloth, ended his days in banishment
upon a lonely island in the South At-
lantic.

Another Way to Get Even.
"I want to sue Dr. Blank for heavy
damages," said the angry citizen en-
tering the lawyer's office.

"What has he done?" asked the at-
torney.

"When he operated on me he left a
pair of surgical scissors in me. How
much can I sue him for?"

"Oh, don't sue him at all," counseled
the lawyer. "Just send him a bill for
storage."—Ladies' Home Journal.

Strange Works to Him.
The hostess asked the solid man of
her guest list to take a talkative young
woman in to dinner. The girl did her
best to keep up the conversation, rang-
ing from Wall street to the crops and
back. Only once did the solid man de-
sert the unflinching affirmative, and
that was when she asked, "Do you like
Heaven's works?" "Never visited them,"
he replied. "What does he manufac-
ture?"—Argonaut.

Why Not?
"Mother," asked Tommy, "Is it cor-
rect to say that you 'water a horse'
when he is thirsty?"

"Yes, my dear," said his mother.

"Well, then," said Tommy, picking
up a saucer, "I'm going to milk the
cat."—Ladies' Home Journal.

WORLD'S MARKET NEWS

EXPORTERS REDUCE AVAILABLE SUPPLY; WHEAT PRICES RAISE
Grain Has Passed From the Farmer to the Exporter at a Rate Never Before Equalled—Corn and Wheat Rally.
Chicago, Nov. 18.—(Assessors that exporters had already reduced the available supply of wheat in the United States to within about one million bushels of the total a year ago and much to do today with giving prices a decided lift. The market closed firm at 4 1/2c to 1c above last night. Corn gained 1/4c to 3/8c net and oats 1/4c to 1/2c. In provisions, the outcome was 5c to 7 1/2c to 3 1/2c decline.
One of the best known authori-
ties in the wheat trade pointed out
that the wheat now at the seaboard
at Buffalo and on the lakes virtu-
ally represents wheat bought for ex-
port and that the amount at western
points where the figures for the
most part mean actual available sup-
plies has dwindled to 52,154,000
bushels as against 51,081,000 bush-
els twelve months back, notwith-
standing that farm deliveries since
July 1st, show an increase of 79,
347,000 bushels. It was added that
the wheat has passed from the
farmer to the exporter at a rate
never before equalled and as yet not
appreciated by the majority of deal-
ers.
Corn rallied when the bulge in the
wheat market became pronounced.
Previously, cold clear weather that
seemed to promise larger receipts
had somewhat eased off the price of
corn. Oats showed from the out-
set sympathy with the wheat
strength. Consignment notices were
meager.

POEM OF DR. H. M. HAMILL
WRITTEN THIRTY YEARS AGO

Former Superintendent of Public
Schools of This City Wrote
Verses and Read Them Before
the Washington High School in
1883.

While looking over some old pa-
pers recently Lee P. Alcott found
a poem written by Dr. H. M. Ham-
ill, which the doctor read before the
Washington high school in 1883. The poem mentions a num-
ber of students at that time, and
was the occasion of much interest
and comment.

Dr. Hamill was for a great many
years a resident of Jacksonville and
a former superintendent of the
public schools. It was while living
here that he became interested in
Sunday school work and was the
author of the "Legion of Honor," a
teachers' training book, which was
the first systematic attempt to train
teachers. After being engaged in
this work for a long time he was
elected one of the secretaries of
the International Sunday School As-
sociation. From this position he
went into the work of the Methodist
Episcopal church, south and at pre-
sent is superintendent of its educa-
tional departments.

Dr. Hamill was recently elected
president of the fourteenth Inter-
national Sunday School convention
at Chicago. When elected to the
office he said, "I assure you that I
am proud to take this honor back to
my southland to the old boys in
gray, to show them how Chicago has
honored one of their number. When
the war drums were hushed and the
flags were furled at Appomattox, I
was a boy of 15 years old, an or-
derly for General Lee, with my pa-
role in my pocket; but notwithstanding
that, the proudest moment of my
life, is now, when you, by your
grace, give me leave to take home
this gavel as president of the Inter-
national Sunday School Associa-
tion."

The poem reads as follows:
The Washington High School.
If the genius of classical rhymers
Around me its magic would fling;
Or could I but chant like a Pearson
or Grant,
A tune-fueller song I would sing.

But I come with no mythical story
Of Jupiter, Juno or Mars;
No classic antique from the Latin or
Greek,
No battles of Ilium, or Latinus
wars.

The harp of a Homer, no more to be
strung,
Our modern Athenians have laid
on their shelves;
And the minstrels give place to a
practical race,
Who, wanting for heroes, will
sing of themselves.

What's Athens extinct to an Athens
anew?
What's Senate of Sparta or Fo-
rum of Rome;

When the ethics of Plato, the wis-
dom of Cato,
The music of Virgil is rivaled at
home.

Why mourn for the Sibylline voices
of Delphos,
The charms of the muses, Olym-
pus' rule;
When we've oracles plenty, a hun-
dred and twenty,
And the Muses hold court in our
Washington school.

Is it wisdom or wit, is it beauty or
learning,
The genius of Artist, the Orator's
grace,
Poetic affluence? Then hitherward
turning,
Look around and you'll see them
illumine each face.

Is it wisdom ye seek—here are sen-
iors seven—
Grave seniors all, save in ringlets
and curls,
Imagine Othello, addressing his sen-
iors,
"Most grave and most potent—
most reverend"—girls!
Those classical sages—the Seven
Wise Men—

Whose glory descends from the
Old World's decadence,
Might surrender their places and
cover their faces,
And sit at the feet of our Seven
Wise Maidens.

Is Philosophy dead? Miss Hagar
may speak;
Is Geometry dumb? Make an-
swer, Miss Collins?
Is History silent, when classic Miss
French
Can cope with the pen of Macaulay
and Rollins?

Is Eloquence mute? When the sil-
very tongue
Of Cicero's self would succumb to
a Sawyer?
Is Statecraft forgot—with Montgom-
ery and Kent
To rival the cunning Athenian
lawyer?

Is Science entombed? When Pyth-
agoras' soul,
Released from the dolorous re-
gions of Hades,
Revisiting Earth hath found a new
birth
In that marvelous brain of our
Edison Cady's?

Has Shakespeare grown old? No
more will his spell
From common-place mortals to
hero transmute us,
While an Allen recalls, in our
Washington halls,
The rage of a Shylock, the wrath
of a Brutus?

Has Comus unmasked? Will the
mischievous Puck
Never more to his revelers issue
his fiat?
When the "cap and the bell" so eas-
ily fell
From Comus to Alcott, from Puck
to a Pyatt?

Is valor extinct? Sure the scions
of Mars
And the spirit of Macedon crosses
the ocean.
And in fancy they come, with the
trumpet and drum,
As the Latin boys march to their
morning's devotion.

Has Melody hushed her mellifluous
tones?
Is the harp of an Orpheus only
a myth?
When cornet and viol inspire the
stones
To follow a Sanderson, Rexroat
and Smith.

When Cecilia sung to her magical
voice
To open the portals of Eden was
given;
But our Hayden and Williams, our
Lehman and Lusk,
Might summon the angels, white-
winged from Heaven.

Has Beauty evanished? Ah! Venus'
self
Her zone would unloosen, and ask
to be human,
To wear but the face and the mysti-
cal grace
Of a Gordon or Jackson, a Conway
or Tuman.
No poet of Erin, with rhythmic
flow,
Ever pictured a Peri at Paradise
gate
More radiantly nice than our dainty
Miss Price,
More humanly sweet than our
Walton and Watt.

And I ween that the mortals who
worshipped Dian
Would turn from her altars rudely
and bluntly,
If but for a moment permitted to
scan
Our Washington goddess, Miss
"Di-An"-na Huntley.

Then away with the myths of the
classical ages,
No longer we'll envy Olympus'
rule;
When goddess, graces, heroes and
sages,
The nectar still quaff in our
Washington school.
And away with the boasts of a Tan-
nen or Short,
A Chase or a Bullard, a Sanders
or Brown;
The shrine of the Muses, the tem-
ple of Thought,
Our High School shall carry the
sceptre and crown.

Let the telephone ring—invoke
"Ninety-three";
Prepare them a grave 'neath the
snow and the sod;
And the "Deacon" shall speak their
eulogium in Greek,
While the Washington choir shall
chant "Ichabod."

KNOW

WHAT KIND OF MEAT

YOU ARE EATING

United States inspectors employed by the gov-
ernment inspect every animal that is brought
to our pens, both before and after being killed.
Every piece of meat that leaves our house has
this stamp on it,

"U. S. Inspected and Passed

Establishment. No. 398."

which means that it has been inspected and
found to be free from disease.

Isn't it worth a good deal to you to know that
when you buy meat with the government
inspector's label on it, that it is absolutely
wholesome and healthy in every respect?

In buying meat always demand this label and
you will always get the best.

INDIGESTION ENDED
STOMACH FEELS FINE

"Pape's Diapepsin" Fixes Sour, Gas-
sy, Upset Stomachs in Five
Minutes.

Sour, gassy, upset stomachs, in-
digestion, heartburn, dyspepsia;
when the food you eat ferments in-
to gases and stubborn lumps; your
head aches and you feel sick and
miserable, that's when you realize
the magic of Pape's Diapepsin. It
makes all stomach misery vanish in
five minutes.

If your stomach is in a contin-
uous revolt—if you can't get it regu-
lated, please, for your sake, try
Pape's Diapepsin. It's so needless
to have a bad stomach—make your
next meal a favorite food meal, then
take a little Diapepsin. There will
not be any distress—eat without
fear. It's because Pape's Diapepsin
"really does" regulate weak, out-of-
order stomachs that gives it its
millions of sales annually.

Get a large fifty-cent case of
Pape's Diapepsin from any drug
store. It is the quickest, surest
stomach relief and cure known. It
acts almost like magic—it is a sci-
entific, harmless and pleasant stom-
ach preparation which truly be-
longs in every home.

CHILDREN HATE OIL,
CALOMEL AND PILLS

"California Syrup of Figs" Best for
Tender Stomach, Liver, Bowels.

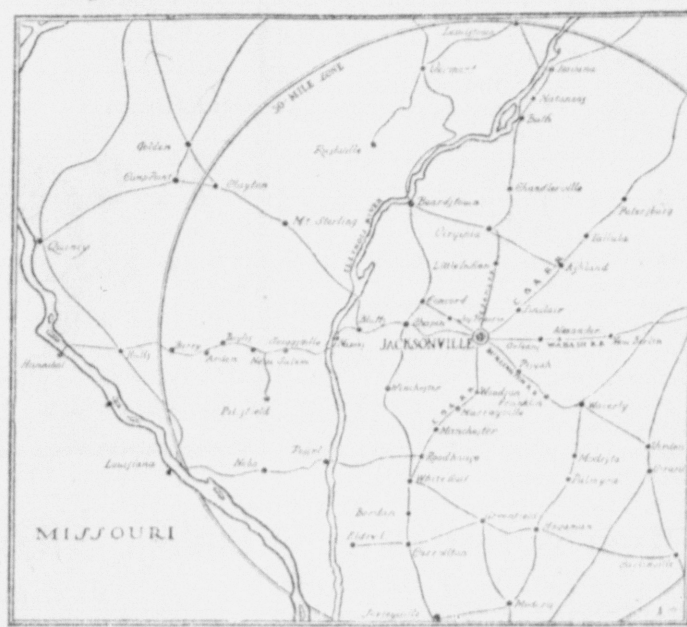

Look back at your childhood days.
Remember the "dose" mother in-
sisted on—castor oil, calomel, cath-
artics. How you hated them, how
you fought against taking them.

With our children it's different.
Mothers who cling to the old form of
physic simply don't realize what
they do. The children's revolt is
well-founded. Their tender little
"insides" are injured by them.

If your child's stomach, liver and
bowels need cleansing, give only
delicious "California Syrup of Figs."
Its action is positive, but gentle.
Millions of mothers keep this harm-
less "fruit laxative" handy; they
know children love to take it; that
it never fails to clean the liver and
bowels and sweeten the stomach,
and that a teaspoonful given today
saves a sick child tomorrow.

Ask your druggist for a 50-cent
bottle of "California Syrup of Figs",
which has full directions for babies,
children of all ages and for grown-
ups plainly on each bottle. Beware
of counterfeits sold here. See that
it is made by "California Fig Syrup
Company." Refuse any other kind
with contempt.—advertisement.

MISS BESS MIDDLETON WEDS MR. GROVER VASEY

Ceremony Took Place Last Evening at the Home of the Bride's Parents—Will Reside on Farm.

The marriage of Mr. Grover Vasey and Miss Bess Middleton was solemnized Wednesday evening at 6:30 o'clock, at the home of the bride's mother, seven miles southwest of Jacksonville, Rev. W. A. Boyd officiating. There were present several guests. The ceremony was impressive in character. The young people stood beneath a beautiful arch, resting on four pedestals, making a canopy of white and green, while the truth was plighted. Following the marriage a wedding luncheon was served. The decorations were in charge of Mrs. James Allen and Miss Cora Megginson.

The bride wore a gown of white crepe de chene and carried a shower bouquet of bride's roses. She is a daughter of Mrs. Hilton Middleton, and is a young woman of many accomplishments. She comes from one of the best families of her community. Mr. Vasey is the son of Mrs. Peter Vasey and is accounted a young man of good business judgment and ability. Both young people are workers in the Point Methodist church, and will have the sincere wishes of their many friends for a happy married life. They expect to make their home on the farm of his late father.

In the cutting of the wedding cake the following received the various articles, ring, Miss Mary Fearnough; dime, Ira Patterson; needle, Robert Scott; button, Oliver Stout; penny, Mrs. Fred Megginson. The young people received a number of pretty and useful presents.

Among the guests present from away were Misses Dolly and Bess Truham, of Carlinville; Mr. and Mrs. William Richardson, Ashland; Miss Della Newby, Mr. and Mrs. James Allen, Ira Patterson, Rev. and Mrs. W. A. Boyd and Miss Bess Daggett of Jacksonville.

MATRIMONIAL

Simms-Coults.

A marriage license was issued Wednesday in Springfield to Edwin E. Simms and Miss Jennie Coults, both of this city. The bride resides at 840 North Main street and the groom is the son of Mrs. Emily C. Simms of 357 West Lafayette avenue. Both have many friends here who will extend hearty congratulations.

Zimmer-Kennedy.

The marriage of Theodore H. Zimmer of Jacksonville and Miss Clara Elizabeth Kennedy, daughter of Mr. and Mrs. Robert Kennedy of Virden, was solemnized Wednesday at the home of the bride's parents in Virden.

Both young people are deaf and dumb and J. Philip Read of this city acted as interpreter. The ceremony was said by Rev. Mr. Reynolds, pastor of the Virden Presbyterian church.

A sister of the bride and a brother of the groom were the attendants. Miss Maggie Morgan acted as ring bearer.

Miss Kennedy was educated at the school for the Deaf here and has a great many friends in the city. Mr. Zimmer is a cigar maker of this city and the young people expect to reside here.

MISS VANNER RETURNS TO PASSEYANT HOSPITAL

Miss Ida Vanner, superintendent of Passavant hospital, returned to Jacksonville Tuesday night. She has been away since the 15th of July. She went with a party accompanied by Miss Neville to Europe and the party had to come back to America before their visit was completed on account of the war. Shortly after returning to her home Miss Vanner underwent an operation for appendicitis, which delayed her coming back sooner. Miss Vanner expressed herself pleased to return to her work and is being welcomed by her many friends.

SOCIAL EVENTS.

The History Class met Wednesday afternoon with Mrs. Harry M. Capps, Louis XIII was the subject studied by the class. The organization voted to use the entire sum in the treasury to start the milk fund for the open air school.

Miss Irene Simms has returned to her home on West Lafayette avenue from Our Savior's hospital. Hensel Wilson of Illinois college, who has been a patient at Passavant hospital is able to be out again.

The Parent-Teachers' association of the fourth ward held a meeting at the Washington school Wednesday afternoon, which was largely attended. Mrs. T. P. Carter, president and Miss Anna Stevenson, secretary, were in charge of the meeting. The ladies were unusually successful with their candy sale, in connection with the meeting, and over 50 pounds of candy were sold in two hours and \$12 was realized. \$6 of this money was voted for prize money for the flower show and Mrs. John R. Robertson, who is chairman of the flower committee, following an address by the Principal, Miss Lusk, relative to the one room which the school expected to have used for the benefit of the children, who were not strong, gave the six dollars for the flower show.

Mrs. J. H. Danksin presented the subject of the Community Christmas tree and the association voted to participate in the enterprise. The question of dancing in the 8th grade building was also brought up and a report was heard from the committee, Mrs. W. D. Roberts, Mrs. J. S. Doane and Mrs. Mary Riley. The association voted almost unanimously against the use of the gymnasium for such purposes.

Mrs. G. G. Moore entertained the U. C. T. Boosters at her home on West North street Wednesday afternoon. A large number of members being in attendance. In the ring contest held the prize was won by Mrs. George McKee. After the business session a social hour followed. The next meeting will be held the third Wednesday in December with Mrs. L. R. Craig on North Fayette street.

Mr. and Mrs. Ed Williamson were very pleasantly surprised at their home on West College avenue Wednesday evening when fifty friends came loaded with oysters and other good things and helped them observe their eighteenth wedding anniversary. The evening was spent with games and music and the guests departed at a late hour wishing Mr. and Mrs. Williamson many more such anniversaries.

Those present were Mr. and Mrs. Arch Bridgman and family, Mr. and Mrs. A. A. Dyer and family, Mr. and Mrs. John Paschall and family, Mr. and Mrs. A. W. Waitman, Mr. and Mrs. G. W. Patterson, Mr. and Mrs. Alex Patterson, Mr. and Mrs. Charles Patterson and family, Mr. and Mrs. Edith Shibe and family, Mr. and Mrs. C. L. York and family, Mrs. P. P. Dawson, Mr. and Mrs. Orville Addison, Mr. and Mrs. James Martin, Mrs. Harold Elliott and daughters, Miss Mabel Hanning, Dr. and Mrs. G. W. Bradley and family, Miss Portia Brockman, Mrs. A. Williamson and Miss Martha Patterson.

Jacksonville lodge No. 579 A. F. and A. M. will hold a stated meeting tonight at 7:30. Visiting brothers welcome. J. H. Jackson, W. M. E. L. Kinney, Secy.

A Paid Up Health Insurance Policy With Every Round Oak Base Burner

THE ROUND OAK BASE BURNER IS WHAT THE DOCTOR ORDERED.

New, Different, as Usual, Originated by the Round Oak Folks

The heating of homes by steam, hot-water systems, and hard-coal stoves, removes all the moisture from the atmosphere in the home, and literally bakes the very air you breathe. The linings of the throat and lungs become parched and dry, and on stepping outside, on a winter day, the moisture in the outside air irritates the throat and lungs and causes a cough and cold, which rapidly develop into pneumonia.

How may healthful, moist air be generated? By the use of the Round Oak Base Burner with Humidifier. This is your insurance policy. Proper size and location of this "Health-giving" attachment together with other vital and patented improvements in construction, combine to produce the handsomest four-fuel stove which, not only heats your home more economically, but assures you of health, cheer and happiness.

Come right in and see these astounding improvements to which we attribute our rapidly increasing sale of Base Burners.

TALK ABOUT CANDIDATES FOR TWO YEARS HENCE

St. Louis Globe Says Attorney General Lucey Will be Candidate for Governorship—Andrew Russell one of G. O. P. Candidates.

A Springfield despatch to the St. Louis Globe Democrat gives some gossip about probable candidates for state offices in Illinois two years hence. Mention is made of the likelihood that Andrew Russell will seek the nomination for the governorship.

"Announcement from French Lick, Ind., yesterday that Attorney General Patrick J. Lucey would be a candidate for the Democratic nomination for governor in 1916, was read in Springfield with considerable interest. It is generally believed that Gov. Dunne will be a candidate for re-election, and the tenor of the announcement from French Lick indicates the attorney general will be a candidate, no matter whether the governor is in the race or not.

"Several prospective candidates seen on the Republican side, the latest being that of Treasurer-elect Andrew Russell of Jacksonville, who, his friends insist, will seek the nomination at the hands of the Republican party two years hence. It is reasonably certain that John G. Oglesby of Elkhart, former lieutenant governor, will be a candidate. Others mentioned prominently for the Republican nomination include Homer J. Tice of Greenview and former Secretary of State C. J. Doyle, now a resident of Springfield, but formerly of Greenfield.

"Tice was in Springfield today, but declined to say whether he was a candidate. He has also been picked as a probable selection for speaker of the Forty-ninth General Assembly, which meets next January. Complete returns of the recent election are not in but it appears that the Republicans will control the house by a majority of one vote, having apparently elected seventy-eight members. The wet and dry issue is one of the vexatious matters to enter into the organization of the house, and this may be the stumbling block which will prevent Tice's election, as he is recognized as a "dry."

"Former Speaker Edward D. Shurtleff of Marengo, as a comparatively recent recruit in the "dry" ranks, is also being groomed as speakership candidate."

SOFT FLUFFY HAIR IS FIRST AID TO BEAUTY

If your hair is not fluffy, soft and lustrous, it is falling out, streaked, faded, brittle, or full of dandruff, and if the scalp itches do not think it must always be that way, for pretty hair is only a matter of care and the use of the proper hair dressing. Your hair is like a plant—if neglected it soon dies, while with a little attention it keeps fresh and beautiful.

Parisian Sage is a scientific preparation that supplies just the elements needed to invigorate the hair roots and stimulate your hair to grow long, thick, fluffy, soft and lustrous. It removes all dandruff with one application and quickly stops itching head and falling hair. It is the ideal hair tonic and scalp treatment—contains nothing injurious and is delicately perfumed.

Coover & Shreve, or any druggist can supply you with Parisian Sage—it is inexpensive. You cannot be disappointed with this delightful and helpful toilet necessity, for it will surely give your hair the beauty and charm of youth.

COACH HOLDERBY MAKING GOOD

The Joliet News of the 17th inst., pays a handsome tribute to the work of Coach R. A. P. Holderby, so well known in this city where he coached the eleven at the School for the Deaf and Illinois college. He is now coaching the team of the Illinois Steel company and is out for the state championship with good prospects of winning. The News says that Mr. Holderby has instilled the fighting spirit into his charges and moreover that he is developing the men along physical lines that are distinctly superior. The News prints a cut of the coach in action and those who know him recognize it as decidedly characteristic.

WILL HOLD PURE FOOD EXHIBIT WITH MADE IN JACKSONVILLE SHOW

Chamber of Commerce is Extending Invitation to Various Well Known Food Manufacturers—Event Planned for Dec. 13-20.

The week of December 13 is announced as the date of the 1914 Made in Jacksonville show and a committee of the Chamber of Commerce is at work on this second annual exhibition of home industries. The Armory Hall will be the location of the show this year. About ten thousand persons visited the rooms on South Main street last December. It is estimated and the opinion was unanimous that more room would be needed this year. Secretary Fritchey is pleased with the prospects so far and there seems no reason why the ensuing show will not excel the industrial exhibition of December last.

In addition to the exhibits by home merchants and manufacturers the committee is planning a pure food show in which various national food manufacturers have been invited to participate. Letters of invitation have been sent a number of firms such as the Russell Miller Milling Co., the Quaker Oats Co., Franklin McVeagh & Co., the Kellogg Toasted Corn Flakes Co., and Reid, Murdock & Co. Such pure food shows have been features at many industrial exhibits the country over and will of course rebound to the benefit of those local merchants who handle the wares of the manufacturers exhibiting.

LEONARD ACREE HAS NEW POSITION IN BLOOMINGTON

Leonard Acree has resigned his position as city salesman for the Jenkinson-Bode Co. and after Dec. 1 will be employed by the J. F. Humphreys Co., a large wholesale grocery concern of Bloomington. Mr. Acree began work for the Jenkinson-Bode Co. as bookkeeper and was promoted to his present place about a year ago. He will have work at the plant and have a wide opportunity for gaining knowledge of the grocery business on the inside.

Mr. Acree was to have been succeeded by George Brady, a former salesman for the firm, who for a number of years has been on the road for Jobst-Bethard Co. of Peoria. He will make points north and south of Jacksonville on the C. & A., a route he formerly worked and Samuel Campbell, shipping clerk for the Jenkinson-Bode Co., will succeed Mr. Acree as city salesman.

GREENE COUNTY SCHOOL HOUSE DESTROYED BY FIRE

The Shiloh school house, 5 miles east of White Hall, caught fire about noon Thursday and was burned to the ground. The loss on the building was total and of the contents the library and teachers desk were alone saved. The building was insured to about three-fourths of value. The directors, Norman Davis, Charles Bradshaw and Howard Strang, are attempting to secure a nearby church building to use for the present. School will be dismissed if they do not succeed in this attempt. Charles Short of White Hall is teacher of Shiloh school.

BOX FROM K. C. DANCE GLADDENS CITY LODGERS

The hearts of twenty-four outcast men were made glad Thursday night when there arrived at police headquarters a large box of toothsome sandwiches from the Knights of Columbus hall. HUNTERS ARE SAFE.

Ann Arbor, Mich., Nov. 19.—George Millen and George Huntington, business men of Ann Arbor, who had been missing from a hunting camp near Seney, Mich., since last Monday are alive and well.

This information was obtained in a telegram received tonight by Mrs. Millen, wife of one of the men. The message said the men had been found nine miles from camp and both were in good condition.

Details of the experiences of the two hunters since they left the camp were lacking.

U. S. OFFICIALS DESTROY YACHT'S WIRELESS OUTFIT

New York, Nov. 19.—Without giving any reason for their act, officials of the United States revenue cutter service today boarded the fast Steam Yacht Winchester anchored off Staten Island in the upper harbor and destroyed the yacht's wireless outfit. A detachment of men had previously been placed in charge of the vessel by the revenue cutter Seneca. The government officials intimated that they were acting on orders from Washington.

When it became known recently that the Winchester was being fitted for service, her owner, Peter W. Rouss said he was making her ready for a southern trip. Previously it had been reported that both the Winchester and Kanawha, another fast yacht, had been sold but this could not be confirmed, nor were the names of the supposed new owners given in the reports, although it was intimated that one of the European belligerents was the purchaser.

STATES RIGHTS QUESTIONS

Debate at Sessions of National Association of Railway Commissioners Will Be Resumed Today.

Washington, Nov. 19.—Discussion of states rights questions as involved in the division of rate fixing powers between the inter-state commerce commission and state authorities occupied today's sessions of the National association of Railway Commissioners. No conclusions were reached and the debate will be resumed tomorrow, the last day of the convention.

William D. Williams of Texas, precipitated the discussion when he offered, on behalf of the committee an amendment of the act to regulate commerce, a resolution proposing "that when a rate has been established by either a state or the federal commission it shall not be set aside unless it is first declared in court to be confiscatory and within the recognized prohibition of the constitution against the taking of private property without due process of law."

Mr. Williams urged in the course of his argument that the membership of the inter-state commerce commission should be increased to nine and divided into three sections, so that local cases could be assigned to their proper section. He proposed that doubtful sectional questions be certified to the whole commission.

Several amendments to the Williams resolution were offered but there had been no votes when the convention adjourned until tomorrow.

CONFINEMENT OF PRIZE CATTLE ENDANGERING THE ANIMALS

Confinement is Hurting the Cattle More Than the Foot and Mouth Disease.

Chicago, Nov. 19.—The confinement of the prize cattle caught at the exhibition of the national dairy show by the government and state quarantine of foot and mouth disease is endangering the cattle more than the disease, according to a complaint of the owners submitted to the department of agriculture today.

The owners asked permission to remove their highly bred animals from the enclosure at the stock yards to some farm to be designated near the city.

Secretary Houston put the responsibility of holding the cattle here up to the state officials and said the government had no jurisdiction over the movement of the cattle within the state. The Illinois Livestock commission will meet tomorrow to consider the plea.

VOGEL VICTIM OF SIEGEL'S DULCITY

Former Confidential Secretary Testifies at Siegel Trial.

Geneseo, N. Y., Nov. 19.—Frank E. Vogel, the dead partner of Henry Siegel, as a victim of the latter's duplicity, according to the testimony of Oscar A. Prall, Siegel's former confidential secretary at the continuation of the trial of the former banker merchant on a grand larceny charge here today. Mr. Prall appeared to be an unwilling witness and was under severe nervous strain while on the stand.

Mr. Siegel, the witness declared, was at all times in close touch with the business conditions of the various branches of the Siegel corporation, inventories were padded by the defendant to the extent of \$300,000 to deceive prospective investors, he said, and Frank E. Vogel was himself deceived by them, the witness said. Siegel warned Prall not to let Vogel know of the padding. Under orders from Mr. Siegel, Mr. Prall said, he worked two days and two nights preparing the false statements.

Referring to the alleged raids on the funds of the Siegel private banks Mr. Prall said that for a year or so after money was sent to the various stores notes were received for the loans but this was discontinued. Mr. Vogel received the notes, he said, but whether or not any of them were paid, the witness did not know.

WOMAN SLUGGED AT AURORA HAS NOT REGAINED CONSCIOUSNESS

Authorities Believe She Was Attacked by Some Maniac—Case Similar to Murder of Theresa Hollander.

Aurora, Ill., Nov. 19.—Miss Jennie Miller, daughter of a former mayor of this city, who was found in the Methodist church yesterday beaten into unconsciousness with a heavy pipe wrench, was alive tonight, but had not recovered consciousness. She cannot live longer than tomorrow, according to Dr. H. A. Brennecke, and the secret of her assailant may die with her, as he said it was unlikely she ever would speak again. The similarity between the attack on her and the murder of Theresa Hollander, who was clubbed to death in St. Nicholas cemetery last winter, has moved the police to fear both women were attacked by the same maniac. Anthony Petras, a former sailor of the Hollander girl, was tried twice, charged with her murder and after a disagreement by the first, was acquitted by the second jury.

The police after investigating every thread of evidence they could find said tonight they thought Miss Miller had been attacked by a man whose motive was robbery, but admitted they hadn't the remotest idea who he was.

Mrs. E. Rudlong, who was with Miss Miller to with two blocks from the spot from which she was attacked, said she had not more than \$5 in her purse.

VILLA WILL REACH CAPITAL WITHOUT MUCH DIFFICULTY

(Continued From Page One)

sidered by them in case the last conditions that I have named are fully complied with.

"In regard to the protest that the Villistas have made in regard to the early evacuation of Vera Cruz I am not in a position to know anything about it. Such a protest would only show a lack of honor and patriotism on their part and my feelings lead me to reject the idea that any Mexican citizen would harbor such an intention. The essential point is the evacuation of foreign troops from a part of our territory without consideration of international partisanship as these are matters that rest entirely in our own hands for settlement.

"It is false that Villista troops are about to take the port of Tampico because it is first necessary for them to defeat the constitutional troops in the states of Coahuila, Nuevo Leon and Tamaulipas which at present time remain loyal to the first chief.

"Generals Obregon, Gonzalez and Aguilar firmly demand that the conditions stipulated by me shall be fulfilled and accordingly there is no truth in the rumor of their defection.

"Up to the present time I have not received any word that Villa had informed the Aguas Calientes convention that he will retire from the command of the division of the north and agree to expirate himself. As I have already mentioned, the convention is the only party which has informed me that it has accepted in full the last conditions that I suggested."

Offers to Act as Mediator.

Mexico City, Nov. 19.—The Brazilian minister Senor Cardozo de Oliveira called today on General Obregon, who has assumed supreme command of the capital and of the federal district and offered to act as mediator between the contending forces.

General Obregon replied that if the minister came as the representative of the United States he could not discuss the subject, owing to "the unjust action of Washington in occupying Vera Cruz and affronting the honor of the Mexican nation."

He added however, that while he believed all mediatory efforts would be useless he might discuss the proposal if the minister came as the representative of Brazil. Nothing further was done in the matter.

The Brazilian minister asked what guarantee General Obregon could offer to foreigners now that the bulk of the army was to leave the capital. General Obregon informed him that detachments and other forces would be left here to prevent the Zapata forces from rushing in on the otherwise undefended city. It is understood that these government troops will be under command of General Alvarado.

Large bodies of troops are being moved out of the capital.

WELSH AND DUFFY BOX FAST TEN ROUNDS

Champion Unable to Score Knock-out and Bout is Considered a Draw.

Buffalo, N. Y., Nov. 19.—Fredie Welsh, world's champion lightweight fought a ten round bout with Jimmy Duffy of Lockport here tonight upon the result of which opinion was divided between a draw and a shade for Duffy.

Although the fight was a fast one neither man scored a knock-down and both came out of the ring in good condition.

The opening round was even, Welsh getting a good right to body and left to face, while Duffy used his left jab repeatedly but did little damage. Walsh opened the second round with a hook to the eye and a right and left to the body but Duffy came back with a straight left to the nose, right to body and repeated left jabs to the face, Duffy having a shade at the finish.

The third and fourth rounds were slow. The fifth round was even.

In the sixth Duffy staggered Welsh with a right cross and put a solid left to face. Welsh came back with a punch that opened up Duffy's ear in a fierce exchange.

In the eighth round Welsh was at his best, the champion landing solid lefts to the face and rights to the body repeatedly.

He also had the better of some fast infighting. The ninth and tenth were very fast, both men apparently trying for a knockout but neither found a spot that gave a decided advantage.

DISEASE CAUSES KILLING OF LARGE AMOUNT OF LIVESTOCK

Farmers in Vicinity of Tallula Destroy 153 Head of Cattle and 620 Head of Hogs—One May Lose 10,000 Bushels of Corn.

Another killing of livestock on account of the hoof and mouth disease has taken place northeast of here, this time in the vicinity of Tallula. The slaughter consisted of 153 head of cattle and 620 head of hogs. Other small numbers of cattle and hogs are to be destroyed before the close of the week and it is estimated the total number in that community alone will consist of 400 head of cattle and 700 head of hogs. The cattle are valued at from \$90 to \$100 per head and the hogs at \$15 per head.

Seventy-five of the cattle and 160 of the hogs killed Wednesday were the property of Samuel Savage, 28 cattle and 260 hogs were owned by Charles Corson and 50 cattle and 200 hogs belonged to Elmer Becker. There is some talk of Mr. Savage having to destroy 10,000 bushels of corn, which is thought to have been infected by cattle suffering with the hoof and mouth disease, but Mr. Savage is of the opinion that the grain can be saved. A force of men are to come to the farm to fumigate in the next day or two, and at that time the corn will be thoroughly gone over. After this fumigation inspectors will go over the farm and see that there is no further danger from contagion. Upon their report will depend whether or not the corn will have to be destroyed.

Mr. Savage stated Thursday that the disease was brought to his farm by a shipment of cattle he purchased in Chicago on October 15.

THEORY OF EVOLUTION STANDS THOUGH DARWINISM DECLINES

Chicago University Professor Explains New Theories of Heredity in Illustrated Lecture Thursday at Grammar School Building.

"Although contending that Darwinism is on the wane, I do not deprecate the researches of that great scientist and do not imply that evolution is less strong in any regard," asserted Dr. Elliot R. Downing, associate professor of natural science at the University of Chicago, in a lecture Thursday evening to members of the Mathematics and Science club at the new Grammar school. "I hope that none of my remarks will be construed as derogatory to the theory of evolution, which was never so universally believed as today. Indeed I know of no scientist of repute who is not an evolutionist." Dr. Downing's lecture was illustrated with a good selection of stereopticon slides. He made use of the high school machine, operated by Edward Wackerle.

Dr. Downing explained the "decline of Darwinism" by citing vital factors in evolution which Darwin has overlooked. He touched upon the discoveries of Mendel and spoke of the mutation theory of Hugo de Vries. The germ plasm is not modified from generation to generation, he said, and therefore the transmission of acquired characteristics is impossible and the cumulative evolution theory of Darwin, untenable. He cited the work of Burbank in illustrating the Mendelian law and made mention of that scientist's labors with the Shasta daisy. Heredity is the great riddle of the future biologist, as it has been of the scientist of the past, concluded the Chicago professor.

The lecture was given under auspices of the Mathematics and Science club, an organization consisting of the teachers of those subjects in the various schools of the city. W. H. P. Huber is president, Miss Isabel Seymour Smith, vice president and Miss Laura McLaughlin, secretary and treasurer.

EMPORIUM INAUGURATES GREAT CLOSING OUT SALE

Woman's Ready to Wear and Millinery Establishment Will Quit Business December 19.

The Emporium, which was established several years ago on East State street, and for the past two years has been conducted by Samuel Strauss, will go out of business on the nineteenth of next month. The Emporium carries a great stock of goods and they have recently purchased more merchandise before they had figured on leaving the city. Manager Greenburg has been working hard getting everything in shape for the final sale and the store until Dec. 19th, promises to be one of the busiest of Jacksonville.

The management is going to close out everything, even to the fixtures, as nothing will be taken away. Necessarily in a sale of this magnitude there must be a sacrifice of prices, and the public is the one to get the advantage of the closing prices. The Emporium is running a double page advertisement in the local papers and in the papers of the surrounding towns and the shrewd buyers of merchandise will not let this opportunity pass to get exceptional bargains.

GIVE EUCHRE AND DANCE.

Jacksonville Council No. 368, Knights of Columbus, gave its regular bi-weekly euchre and dance Thursday night in the hall on East State street. First prizes at the euchre were won by Mrs. A. W. Becker and Patrick Quigley and the consolation prizes were awarded to Mrs. Barret and P. H. Loneragan. Following the euchre luncheon was served and the remainder of the evening was spent in dancing. A very enjoyable evening was spent.

Put aside—just once—the Salts, Pills, Castor Oil or Purgative Waters which merely force a passage-way through the bowels, but do not thoroughly cleanse, freshen and purify these drainage organs, and have no effect whatever upon the liver and stomach.

Keep your "insides" pure and fresh with Cascarets which thoroughly cleanse the stomach, remove the undigested, sour food and foul gasses, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have Headache, Bilioussness, Severe Colds, Indigestion, Sour Stomach or Constipated Bowels. Cascarets belong in every household. Children just love to take them.

EYE WITNESS TELLS OF WAR MOVEMENTS

STORY SUPPLEMENTS FORMER NARRATIVES PUBLISHED

Situation at the Front is Unaltered—French Gain Ground Near Wytchaele—German Spies or Snipers Busy After Nightfall.

London, Nov. 19.—The following descriptive account which has been communicated by an eye witness present with general headquarters continues and supplements the narrative published on Nov. 17 of the movements of the British force and the French armies in immediate touch with it:

November 16.—The nature of the situation on our front has not altered since the last letter. The Germans have continued to press generally along our line and have focused their attention mostly around Ypres, though there has up to now not been a resumption of the violent attacks against that place.

"Friday, the 13th, was windy, with much rain. Trying as life in the trenches is under such conditions, our men have at least the consolation of knowing that the enemy were in a worse plight, for the wind blew steadily in their faces.

"On our left the morning passed in desultory shelling, which gradually swelled in the afternoon into a fierce bombardment of the section of our line running south to the Menin-Ypres road. This was the prelude to an attack along the whole line. Around Ypres the enemy rushed our trenches at one point but they were driven out again and the assault was repulsed. Here again our losses, though heavy, were much less than those of the Germans.

"As each successive attempt to take Ypres by assault fails, the bombardment of the unhappy town is renewed with ever increasing fury.

"Further to the south, on our left center, the situation remained practically unchanged a little ground being lost here and there and then regained. On our center and right and indeed along the whole of our line, the hostile artillery appears to have received orders on this day to search the area in the rear of our trenches. This, no doubt, is part of the policy of wearing down.

German Trench Captured.

"On the right, on the night of the 13th to 14th, a German trench was taken by a portion of our battalions, the occupants being bayoneted or taken prisoners. Part of another battalion which also advanced during the night encountered some of the enemy who were attempting a similar operation. A hand to hand fight ensued in which we came off the victors; we killed 25 Germans and lost only two men ourselves.

"Saturday was very cold and there also was some rain. On our left, proceedings were started with the usual heavy shelling and the Germans again resumed the offensive in the afternoon south of the Menin-Ypres road, with a similar result to that obtained on the previous day. They penetrated our line at one or two points but soon were driven out and the line was almost completely restored.

French Gain Some Ground.
"Farther to the south the French made an attack near Wytchaele and gained some ground under cover of a very heavy fire from their guns. In the afternoon our left center was subjected to shelling alone and in our center Armentieres was subjected to similar treatment. The town is now practically deserted by its inhabitants.

"During the day Bethune was bombarded by the enemy who continued to devote his attention to the towns, villages and roads in the rear of our line rather than to the trenches themselves.

"On Sunday the fifteenth on our left, east of Ypres, a well conducted counter attack was carried out against that portion of the line occupied by the enemy on the previous day, where he had established himself in some stables and trenches. Two attempts already had failed, when at 5:30 a. m. a gun was brought up to within 300 yards range. After four rounds had been fired, a party succeeded in carrying the position, the subaltern in command being killed. The attack was led by the company sergeant major. This non-commissioned officer was awarded the distinguished conduct medal but since has died of his wounds.

Bombardment Slackens.
"The bombardment slackened considerably in this quarter during the day. On the south of Ypres between Holbeke and Wytchaele there was some hard fighting in which the French held their ground. On our left center nothing occurred beyond the usual shelling. In the center we scored a local success. Some of the trenches and houses lately captured by the Germans were heavily bombarded by our howitzers with the result that the defenders bolted from the position and were caught by the fire of our machine guns as they retired losing about half of their number.

Bitterly Cold and Raining.
"On our right all was quiet. The weather on this day was about the worst we have yet experienced. It was bitterly cold and rain fell in torrents. Nevertheless, in spite of all difficulties, our aviators carried out a successful reconnaissance. For some time they hovered over German lines observing the emplacements of the batteries and searching the roads for hostile columns. In the midst of a storm of driving snow and sleet which was encountered at high altitudes.

German Spies Active.
"Further information has recently come to hand regarding the enemy's

method of sniping and spying. Non-commissioned officers are offered iron crosses if they will penetrate our lines at night. Those who attempt this work having discarded boots, helmets and other impediments, crawl as close as possible to our defenses and try to attract the attention of one of our sentries by throwing a stone in a direction contrary to that in which they are crawling. This generally causes neighboring sentries to fire, thus betraying their positions and that of our line of trenches.

"These spies or snipers often wear khaki uniforms and woolen caps similar to those worn by our men, and, thus disguised, sometimes succeeding in getting right behind our lines to favorable spots from which they shoot men passing to and fro. Many of them speak English well and display great ingenuity and effrontery in getting out of tight corners.

"Another reason for penetrating our lines is the cutting of telephone wires and behind one section of our front breaks have of late been very frequent. That the damage has not been entirely due to bursting shells has now been proved by the capture of one of the enemy's secret agents, carrying wire cutters and a rifle. The man was known to have been on intimate terms with the Germans before they retired from the area now occupied by us."

The "eye witness" closes with an eulogy of a French doctor, who with several nuns remained in Ypres during the bombardment nursing fifty-two German wounded and was finally killed by a shell. The day after his death the nuns and wounded were removed to a place of safety.

Will Meet U. S. Collier.

London, Nov. 19.—Francis Dyke Acland, under secretary for foreign affairs will meet the United States navy collier Jason, which is acting as a Santa Claus ship on her arrival in England and receive from her on behalf of the British government the gifts she bears for British children.

War Bulletin From Berlin.

Berlin, via The Hague to London, Nov. 19.—A war bulletin issued today says: "The German fleet has succeeded in partially closing the harbor of Libau, Russia, through the sinking of ships and also has bombarded important military positions. There is no other news of importance."

Nine Officers Killed.

London, Nov. 19.—A casualty list received in London today from the British army headquarters in France under date of November 15th, contains the names of nine officers killed, eighteen wounded and two missing.

New War Loan Already Covered.

London, Nov. 19.—England's new war loan, the largest in her history already has been covered, according to reports which were current today in banking circles. The Bank of England, however, reports that applications have not been actually computed, so that their total is not officially known. It is not intended to close the subscription lists before Tuesday unless there should be an enormous over-subscription.

French Communication Brief.

Paris, Nov. 19.—10:40 p. m.—The official communication issued by the French war office tonight says: "The day has been particularly calm. There is nothing to report."

French Claim German Losses Heavy

Washington, Nov. 19.—Foreign office despatches to the French embassy here today referred to great loss of life inflicted on the enemy by the allied troops and spoke of the success of French scouting parties in securing information of German troop movements.

The despatches duplicated war office communications with the following additions:

"Supplementary information received here reveals that the last three days of fighting has resulted disastrously for the adversaries as regards the execution rendered by the allies in repulsing attacks. To the east of Ypres, the Germans left more than 1,200 dead in a space of ground not more than five or six hundred metres.

"In the vicinity of Saint Mihiel, after having made successful advances our troops withstood the shock of reinforcements of the enemy holding all points previously taken. The Germans blew up the garrison of Chauvencourt with a mine. We had partially captured this town and resuming we were able to force the enemy's line back upon the other troops operating in that region.

"The German press has announced that a strong French attack in the region of Cleiry had been repulsed. "As a matter of fact we have not engaged at that point except in reconnoitering. These reconnoitering parties fortunately have been successfully conducted and despite resistance have delivered the position and strength of the enemy."

Russian Official Statement.

Petrograd, Nov. 19.—The following official statement was given out today by the Russian ministry of marine, regarding the naval battle in the Black Sea between the Russian and Turkish fleets:

"On November 18, a division of the Black Sea fleet returning from its cruise to Sebastopol near the coast of Anatolia sighted twenty-five miles from the Bosphorus light a Turkish detachment consisting of the Goeben and the Breslau. The Russian fleet immediately drew up in battle order, bringing the enemy starboard and opened fire at a distance of forty cable lengths. The first salvo of twelve inch guns from the Flagship Admiral Evstafy struck the Goeben and caused an explosion amidships, setting her on fire. Following the Evstafy, the other Russian ships opened fire, the Russian

TED E. WATKINS HAS NARROW ESCAPE FROM SERIOUS INJURY

Well Known Jacksonville Youth Is Wounded at Shoot at Home of Edward Lamb, East of City, Thursday.

Ted E. Watkins, clerk and driver of the delivery wagon at Roberts Brothers grocery, narrowly escaped serious injuries shortly after noon Thursday when a portion of a load of shot from a shotgun struck him in the head. He was brought to Passavant hospital at once and it is thought that he will be able to return to his home this morning.

The accident occurred at the residence of Edward Lamb, step-father of the injured man, three miles east of the city, during a turkey, goose and chicken shoot. A large number of neighbors were present to take part in the event and Mr. Watkins was working the trap, throwing out the clay pigeons for the marksmen. He was behind a blind and about 27 yards from the firing line. One of the targets was not fired at, and wondering at the delay in shooting at the second one the young man looked out from his shelter. Just at that moment Thomas Flynn, whose turn it was to shoot, fired and a portion of the load struck the young man in the head.

He was not unconscious at any time, and got into a closed buggy and was brought to Passavant hospital by Oliver Ham. Dr. G. O. Webster was called and an examination showed that about ten or fifteen of the shot had lodged in the face and head. All of them excepting one proved to be flesh wounds and unless something unexpected results, it is thought that the young man will be able to return home this morning. The accident was a most regrettable one and the young man's many friends will hope for a speedy recovery.

NOT PICNIC WEATHER.

Friends of Prof. J. H. Reid have been jollying his quite a little because of an item which appeared in the Journal recently stating that Maple Grove school is to have a picnic the day following Thanksgiving. Mr. Reid said yesterday that the school will have a holiday on the day mentioned and that he hoped pupils and teachers would have "a picnic" although not on the frozen ground or scant shade of the maples which surround the school house.

Use "Get-It," Corns Shivel, Vanish!

It's the New Way, and You'll Forget You Ever Had Corns.

"2 drops put on in 2 seconds, corn shivels, comes clean off!" That's the marvelous story of "GETS-IT," the new-plan corn cure. Nothing can be simpler for the cure of corns—and it

No Corns to Bump, No Pain, if You Use "GETS-IT."

never fails. That's why millions of people are using "GETS-IT" today and throwing away their fussy plasters, sticky, tape, toe-eating salves, and "scrapping outfits" that make a bundle around the toe and choke it into pain by pressing either on or around the corn. There is nothing to stick to your stockings, nothing to cause inflammation or rawness, nothing to press on or around the corn. You apply it in 2 seconds. No more knives, razors, scissors or files, with their blood-poison dangers. Try "GETS-IT" for that corn, callus, wart or bunion.

"GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago. Sold in Jacksonville by Armstrong's Drug Co.—J. A. Obermeyer.

CLARK BEGINNING TO RECEIVE PLEDGES.

Washington, Nov. 19.—Speaker Clark is beginning to receive pledges of support for re-election as president head of the house in the next congress. Already 165 out of the 230 odd Democrats elected this month have assured him of their votes and his friends asserted to night that his re-election was a foregone conclusion.

Mr. Clark has been the unanimous nominee of the Democrats for the speakership of the sixty-first, sixty-second and sixty-third congresses and has been speaker since the Democrats gained control at the beginning of the sixty-second congress.

Experienced Women Advise Mother's Friend

Because it is so perfectly safe to use and has been of such great help to a host of expectant mothers, these women, experienced in this most happy period, advise the use of "Mother's Friend."

Applied externally to the abdominal muscles its purpose is to relieve the undue tension upon the cords and ligaments resulting from muscular expansion. Beneath the surface is a network of fine nerve threads and the gentle, soothing, anesthetic, "Mother's Friend," is designed to so lubricate the muscular fibres as to avoid the unnecessary and continuous nagging upon this myriad of nerves. It is a reflex action.

Applied to the breasts it affords the proper massage to prevent caking. Thousands of women have reason to believe in this splendid help under the trying ordeal of motherhood. Their letters are eloquent evidence of its great value to women. In use for many years it has come to be a standard remedy for the purpose.

There is scarcely a well-stocked drug store anywhere but what you can easily obtain a bottle of "Mother's Friend" and in nearly every town and village is a grandma who herself used it in earlier years. Expectant mothers are urged to try this splendid assistant to ease, comfort and safety.

"Mother's Friend" is prepared by Bradford Regulator Co., 319 Lamar Bldg., Atlanta, Ga. Send for our little book. It should be remembered that what is said of "Mother's Friend" is the thought expressed by the thousands of women who have successfully used it and recommended it through two generations.

Rippling Rhymes
By Walt Mason

Horse Radish

Man tries his best to come across with some delightful, piquant sauce, which will add zest to things we eat, to all the divers kinds of meat. The plutocrats spent many times for sauces brought from foreign climes, the formulas of which I'm told, are guarded carefully as gold. Ten thousand chefs still strive and strain, and torture what they have of brain, some fine new condiment to spring, that would bring plaudits from a king. Dame Nature gives that noble fruit, the excellent horse radish root, which, grated when it's strong and fresh, while all its vim is in its flesh, and with some vinegar then stirred, makes all your sauces seem absurd. I buy a bottle for a dime, and have a condiment sublime. I draw the cork, there rushes out, a fine aroma, strong and stout, that fairly lifts me from my feet, and makes me strangle and repeat: "Horse radish on a slice of beef. It make a man forget his grief, and stir his sluggish appetite until he longs to eat all night. There's nothing else that's half as good; though all inventors living should for centuries this skill employ, to make a sauce that's a joy, exhausting every art and shift, they'd never beat Dame Nature's gift."

PROPOSES ESTABLISHMENT OF COMBINATIONS FOR FOREIGN TRADE

Proposition Would Be Under Regulation of New Federal Trade Commission.

New Orleans, La., Nov. 19.—Establishment under regulations of the new federal trade commission of combinations to act as selling agencies abroad for American goods was proposed to the National Coffee Roasters Association tonight by Edward N. Hurley, vice president of the Illinois Manufacturers Association.

"Until the Trade Commission was established it was a debatable question whether combinations for foreign trade were not prohibited by the Sherman law," said Mr. Hurley. "But it would seem that this commission can now determine whether such combinations are wholesome, and when they are so pronounced, they can engage freely in foreign business effectively meeting the combinations of industries which foreign governments encourage."

"It has been pointed out that a combination which will enable American industries to reduce their cost of representation abroad, and thereby more aggressively meet the energies of foreign combinations, would be promoting rather than restricting competition."

The speaker pointed out the necessity of balancing imports with exports. "In the last analysis," he said, "foreign trade is nothing more

than barter. Accordingly we can not hope to sell extensively to any nation from which we do not also buy."

Reviewing events in the commercial world due to the European war, and the measures taken toward relief, Mr. Hurley warned his hearers that the addition of eighty ships to American registry and the opening of a few branch banks in South America by no means solved the problems.

"Two thousand ships averaging from three to four thousand tons each, would be required to carry all our export and import trade," he said. "Our commerce is again moving but it is being carried in foreign ships, mostly British, and their safe passage overseas is by grace of the British navy's control of ocean trade routes."

"If the German navy should gain control of the seas our foreign commerce certainly would be dislocated until we could begin to ship our goods under the German flag. This certainly is a humiliating position for a great commercial nation. Any commercial house presenting the spectacle of rushing about from one livery stable to another to obtain delivery of its goods, would soon wake up to the necessity of having its own delivery wagons."

Mr. Hurley blamed the navigation laws of the United States for this condition, saying that they made it from 25 to 30 per cent more expensive to operate a vessel under the American than a foreign flag. After finding encouragement in the establishment of the federal reserve banks, Mr. Hurley said:

"The European war, with its enormous destruction of material wealth, is constantly to be regretted but it has rendered us one service. The blight which fell in the first days of the war upon our foreign trade, brought home to the entire country the fact that this trade was an essential element in our domestic prosperity."

"Trouble overtook us last August because no one in this country had ever taken the trouble to think out what we should do in such an emergency. The greater result has been that we are awake to our weaknesses as well as our opportunities and, if we improve both, nothing can stop us from assuming first position in the world of international commerce."

THICK, GLOSSY HAIR

FREE FROM DANDRUFF

Girls! Beautifying Your Hair! Make it Soft, Fluffy and Luxuriant.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or itching hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.—Advertisement.

GENERAL BROTHERHOOD WILL BE OUTCOME OF WORLD WAR

Bishop Hendrix Predicts Happy Results From European Conflict.

Battle Creek, Mich., Nov. 19.—Universal peace, a general brotherhood and an increased impetus in mission work will be the outcome of the European war in the opinion of Bishop H. R. Hendrix of Kansas City who today addressed the Interdenominational Medical Missionary conference in session here. The bishop blamed the spirit of militarism for the outbreak of hostilities and declared Emperor William, "would have been assassinated had he vigorously opposed the war plans of the military class."

Miss Belle H. Bennett of Lexington, Ky., said South America presents a great religious opportunity as well as commercial opportunity because of the war. She urged that merchant vessels sent to seek the trade of South America should bear on board missionaries bent upon the Protestant Evangelization of the country.

Dr. J. H. Kellogg of Battle Creek, said that while the heathen could learn much from a religious viewpoint from civilized nations, civilized people could also learn a great deal from a health standpoint by observing the natural habits of living of 'the heathen.'

"A mild return to savagery," he said, would be a wise move on the part of civilized nations.

JAMES M. TANNER DIES AT HOME IN SOUTHERN ILLINOIS

Decedent Was Brother of Former Governor John R. Tanner—Served as Warden of Chester Penitentiary.

James M. Tanner, a brother of the late John R. Tanner died Wednesday at his home in Louisville, Ill., where he had been engaged in farming since the close of the civil war. Heart trouble was the cause of death. He was 75 years old.

Decedent was well known all over southern Illinois and in this city, where he had made the acquaintance of a large number of persons during his brother's administration as governor of Illinois. He served as warden of Chester penitentiary during Governor Tanner's term of office and part of the time under Governor Yates.

When a young man he enlisted in the service of the Union army and as a soldier he experienced a number of hardships. He was taken prisoner by the Confederates and imprisoned at Jackson, Miss., but succeeded in escaping and getting back to the Union lines. This took nineteen days. He saw service in a number of the most important battles of the struggle.

He was born in southern Indiana and came to Illinois after the war was over and settled at Louisville, where he afterwards became a wealthy farmer. He was deacon in the Christian church and a member of the I. O. O. F. and Modern Woodmen of America.

He is survived by his wife; four daughters, Mrs. George Vandever and Mrs. John Blackledge, both of Chicago; Mrs. Lillie Newcomb of Fort Worth, Texas, and Mrs. Campbell of Louisville, Ill., and one son, James M. Tanner, Jr., a druggist living in Louisville.

ELECTION OF OFFICERS.

The Woman's Foreign Missionary society of the Methodist church of Mercedia held an election of officers recently for the ensuing year. The society met a pledge of \$146 and has a membership of 55 active workers. They have sent a box of useful articles to the Jacksonville missionary, Miss Blackburn of Bulgaria and a Christmas box is on its way to the Orphanage in Foo Chow, China.

The officers elected follows:
President—Mrs. W. G. Looman.
First Vice-president—Mrs. S. A. McIntosh.
Second Vice-president—Miss Nellie Waldo.

Corresponding Secretary—Mrs. James Galaway.
Recording Secretary—Mrs. Fred Deppa.
Assistant Secretary—Mrs. H. H. Hamman.
Treasurer—Mrs. Carrie Christian.
Superintendent of Children's Work—Mrs. Grace Nunes and Mrs. Wesley McLain.
Superintendent of Mite Boxes—Mrs. George Unland.
Secretary of Social Work—Mrs. Henry Looman.
Secretary of Titling—Mrs. Chas. Schmitt.
Secretary of Literature—Mrs. Mae Wilson.
Organist—Miss Nellie Waldo.

IN INTEREST OF CENTENARY CHURCH

SPECIALTY MEN MEET.
Philadelphia, Pa., Nov. 19.—Specialty manufacturers from many states are in Philadelphia today for the annual convention of the American Specialty Manufacturers' Association, which meets today and tomorrow for the discussion of trade problems.

COMMERCIAL BOOSTERS MEET IN MEMPHIS.

Three Hundred Delegates Gather to Discuss Trade Routes to the South.

Memphis, Tenn., Nov. 19.—Three hundred representatives of trade commissions, chambers of commerce and commercial clubs from all parts of the Mississippi Valley gathered here today to boost new trade routes through the valley to South America, and to organize for the booming of foreign trade in the middle-west.

Chicago, Kansas City, St. Louis and other big centers of trade were represented in this conference, and many able speakers were heard on the foreign trade situation as it applies to Mississippi Valley products and trade routes.

The organization is to be made permanent and will hold regular meetings in order to promote collectively the foreign trade of the middle west and to solve the new problems presented. The great boom in foreign trade which is going on throughout the country was the factor which brought together for cooperation this big convention, although such an organization has been proposed for many years.

The discussion of booming trade routes of the valley for the big traffic which is beginning to flow toward South America occupied earnest attention. The promotion and developing of trading credits with Central and South America was another interesting problem considered, and great interest was manifested in the call to the organization of the Middle West to see that this section gets its full share of the prosperity brought about at this time by the huge demand for American products and manufactured goods in Europe.

WAR HORSE DEALS RUN TO MILLIONS.

England and France Have Bought 12,700 Head in St. Louis Market.

Horses sold and shipped to the French and English government for use in the war reach a total purchase price of nearly \$2,000,000, according to statements made by a horse and mule dealer at the St. Louis horse and mule market of the National Stock Yards and quoted in the Globe Democrat.

The average price is close to \$160, according to a representative of the Holland-Nugent Horse Company. The English government has purchased 5200 and the French government 7500 head since war was declared.

Other contracts have been let for horses, it was said at the yards, but no statement as to the number called for in these contracts could be obtained.

Both the French and English governments, it is said, have offered to buy horses subject to delivery on boats at New York, but East St. Louis dealers have declined to enter into such a contract because of the uncertainty of boats being ready at New York to take shipments.

It costs about 60 cents a day to feed each head held over in New York, and this charge would more than offset a profit in case of long delays, it was said.

CHAPIN.

The meeting at the Christian church are increasing in interest. Good audiences and good sermons nightly will continue indefinitely.

W. Woodward returned from his trip to Indian River City, Fla., Sunday noon much pleased with the country. He is contemplating moving down there in the near future.

John Rice who has been ill all summer is very low at this writing and no hopes of his recovery.

Dr. J. H. Fountain is tearing away the buildings on the corner opposite John Eilers store and will erect a building to be used for moving pictures and entertainments of all kinds.

Mrs. Greely Brownlow was in Beardstown last week visiting friends and attending the marriage of Mildred Goodman and a Mr. Wagner of that city.

The C. W. R. M. will hold their November meeting at the home of Mrs. Frank Couchman Wednesday afternoon.

Mr. and Mrs. J. F. Bunham called at Mr. W. Woodward's Tuesday evening to see the samples of Florida fruit and soil.

Mrs. John Griffin has been on the sick list the past week.

ARCHER IS SILENT.

Chicago, Nov. 19.—Newspapers published today a report that Jimmy Archer, the Cub catcher is considering an offer from the Buffalo Federals. He refused to discuss the rumor.

This wonderful device for softening grain, or cooking it will enable you to feed cattle without hogs following them, as the cattle digest all they eat when made digestible. If you have hogs you can feed them the soup of the corn, if not give it to your calves, or cattle.

I find everything on the place likes this mush even the chickens do well on it, and they lay more eggs if fed on hot mush, with a little meat scraps mixed in it.

PRONOUNCED ACTIVITY IN THE COTTON AND ONION MARKETS

Japan and China Cotton Mills Re-
ported Running to Capacity.

San Francisco, Nov. 19.—One of
the unexpected ways in which the
war has made itself felt on the Pa-
cific coast is the pronounced activity
in the onion market. Eastern
buyers are in the field and within
the last few days the price per sack
has risen to between 50 and 60
cents, according to quality, which is
an average gain of 15 cents a sack.
Yesterday 10,000 sacks were billed
for the east via the Panama Canal.
Cotton is another very brisk, but
also a sadly cheap, commodity. Japan
and China are buying as never
before and the quantity they seem
willing to purchase is measured only
by the amount of vessel space they
can engage. Their mills are report-
ed running to capacity.

WORLD'S MARKET NEWS

FALLING OFF IN RECEIPTS
HELPS TO RALLY WHEAT

Lower Quotations at Liverpool Brings
Setback Early in Session—Corn
and Oats Lose.

Chicago, Nov. 19.—Sharp falling
off in receipts at western primary
points helped to rally wheat today
from a setback due to lower quotat-
ions at Liverpool. There was a
steady close at the same as last night
to a decline of a shade. Corn lost
1/8c to 1/4c net and oats one
sixteenth. Provisions finished at a
range varying from 3/4c down to a
rise of 1/16c.

Best prices for wheat today were
reached in the last hour when the
market went 1/2c above last night
largely because of attention to state-
ments showing that western primary
points for the seven days just end-
ed were 1,800,000 bushels less than
for the preceding seven days. At
the same time the fact was pointed
out that export clearances gave no
sign

WAR TAX SCHEDULE IS IN COURSE OF PREPARATION

Collector Pickering Will Indicate the Persons in His District Subject to the Tax—Matter is for Information of Deputy Collectors and the Public Generally.

Collector of Internal Revenue J. L. Pickering is preparing a schedule of taxes due under the War Revenue Act of Oct. 22, 1914, for information and guidance of deputy collectors and all others concerned. The schedule includes opinions of the collector anticipating the most frequent inquiries.

Penalties are not mentioned, although they are severe. The general penalty is a fifty per cent addition to have his return in the hands of the collector on or before November 30.

Forms 11A were mailed to all liquor dealers, druggists and cigar manufacturers Wednesday, November 18.

Cigar and tobacco dealers, brokers, commission merchants, pawnbrokers, owners of theatres, etc., should write to J. L. Pickering, collector, Springfield, at once for blanks.

A resume of Schedules A and B, which embrace taxes on documents and proprietary articles, is being prepared and will be published tomorrow.

The collector now has a supply of stamps. Many banks are buying stamps for sale.

The information prepared by Collector Pickering is as follows:

Beer, Ale, Porter, Etc.
The special tax of \$1.50 a barrel (an increase of 50 cents) on beer became effective Oct. 23. Tax must be paid and stamps attached by brewers.

Wines, Champagnes, Liqueurs, Etc.
Effective on and after Oct. 23. Applies to still wines, such as port, cherry, etc., and to champagnes and other sparkling wines, domestic and imported, including all artificially carbonated wines. Tax paid by persons who sell to consumers, by attaching to bottles adhesive stamps. Absence of stamp is prima facie evidence that the tax has not been paid.

Stillings:
Bottle containing one-fourth pint or less—one-fourth cent.
More than 1-4 and not more than 1-2 pint—one-half cent.
More than 1-2 and not more than 1 pint—one cent.
More than 1 pint and not more than 1 quart—two cents.

In all other containers—eight cents per gallon.
Artificially Carbonated:
Bottle containing 1-2 pint or less—five cents.
More than 1-2 pint and not more than 1 pint—ten cents.
More than 1 pint and not more than 1 quart—twenty cents.

In all other containers at rate of 20 cents a quart.

Liqueurs, Cordials and Similar Compounds:
Bottle, not more than 1-2 pint—one and one-half cents.
More than 1-2 and not more than 1 pint—three cents.
More than 1 pint and not more than 1 quart—six cents.

In larger containers at rate of 24 cents a gallon.
The dealer receiving and selling or offering for sale or consumption to any person other than a dealer shall affix the stamps. Tax is not to be collected from any rectifier, chemist or druggist who uses still wines in the manufacture of any liqueur, cordial or compound subject to this tax.

Makers or producers of fortified wines are taxed 55 cents a gallon. Write to J. L. Pickering, collector, Springfield, for information on this subject.

Bankers.
Are taxed \$1 per annum per \$1,000 of their combined capital, surplus and undivided profits—to June 30, 1915, 66 2-3 cents per \$1,000. Tax is based on capital used in their business for twelve months ending June 30, 1914.

Undivided profits are not regarded as part of capital until the board of directors formally declares it is such, and is set apart and used in the business of banking. If undivided profits are thus converted into capital daily, the amounts for each day during the year should be added and divided by the number of working days in the year, the quotient being the average undivided profits to be computed quarterly. The amount for each quarter should be added and divided by four to determine the average.

Every person, firm or company, incorporated or otherwise, having a place of business where credits are opened by the deposit or the collection of money, or where money is loaned on stocks, bonds, promissory notes, etc., is regarded as a bank. Savings banks with no capital stock, doing business for their depositors and no other business of banking, are exempt.

Borrowed money used as capital must be included.
Mercantile firms doing a banking business are included.

Brokers, Commercial Brokers, Commission Merchants.
Brokers, \$20 per annum—to June 30, 1915, \$20. Every person firm or company, whose business it is to negotiate purchases or sales of stocks, bonds, coined money, bank notes, promissory notes, or other securities for themselves or others, is a broker. Brokers are exempted if they have paid special tax as bankers.

A person who makes it his business to buy securities, even for himself only without selling them, is a broker.

Occasional instance of the purchase or sale of securities is not sufficient to constitute the business of a broker.

Persons or firms engaged in buying and selling notes for themselves are brokers.

Neither a real estate agent, nor any person or firm, is subject to the special tax for simply buying or selling real estate on commission for either himself or others.

A man who negotiates purchases or sales of stocks, bonds, notes, etc., in the course of business, and this applies to real estate agents, insurance agents, attorneys, or any persons or firms, who in connection with their profession or occupation, make it a regular part of their business to negotiate such purchases, either for themselves or others, is a broker.

A company or corporation may dispose of its own stock and bonds without being considered as a broker. But if a man is employed, either as officer or agent for a commission or premium, he is a broker.

Loan and mortgage companies are not brokers unless they engage in the sale of the securities on which they make loans.

Persons engaged in the business of buying fee bills of witnesses on which warrants are issued and paid, are brokers.

A person who carries on the business of broker both in stocks and other securities, and in grain, merchandise or produce, is a broker and also a commercial broker.

Separate stamp must be taken out for every bucket shop whether such office is called a branch office or a main office.

Commercial Brokers. \$20 per annum—to June 30, 1915, \$13.33. Every person, firm or company whose business it is as a broker to negotiate sales or purchases of goods, wares, produce or merchandise, shall be regarded as a commercial broker.

Persons whose business it is to buy or sell grain (or other merchandise) on commission or order received from customers or commercial brokers, even when they negotiate such purchases or sales in their own names only (the grain or merchandise not being received into their actual possession.)

Persons who represent several firms, give their entire services to them, and sell only from their quotations, are commercial brokers, unless they can show that they are under agreement with such firms to act only for them and are excluded from negotiating purchases or sales for other persons.

Persons engaged in negotiating sales of flour for one company, meats for another company, coffee, sugar, etc., for another company, receiving a commission, are commercial brokers.

Commission Merchants. \$20 per annum—to June 30, 1915. Every person, firm or company whose business or occupation it is to receive in his possession any goods, wares, or merchandise to sell the same on commission is a commission merchant. If tax has been paid as a commercial broker the same person need not pay tax as commission merchant. Commission houses run on the co-operative plan not included.

Pawnbrokers.
Per annum, \$50—to June 30, 1915, \$33.33. Every person, firm or company whose business or occupation it is to take or receive, by way of pledge, pawn or exchange, any goods, wares or merchandise, or any kind of personal property whatever, as security for the repayment of money loaned thereon, shall be deemed a pawnbroker.

A person using no tickets, but making a pretense of buying articles which he holds with a verbal agreement that the articles can be bought back by the person selling them upon a specified bonus, is a pawnbroker.

Bowling Alleys and Billiard Tables.
Per annum, \$5—to June 30, 1915, \$3.33—for each alley and each table. Applies to all places where bowling alleys and billiard tables are open to the public. Exclusive social organizations are not included. It makes no difference whether price is charged or not.

Theatres, Museums and Concert Halls.

Seating not more than 250—\$25 per annum—to June 30, 1915, \$16.67.
More than 250, and not exceeding 500, \$50—to June 30, 1915, \$33.33.
More than 500, and not exceeding 800, \$75—to June 30, 1915, \$50.

More than 800, \$100—to June 30, 1915, \$66.67.
Halls and armories rented or used occasionally not included. Every edifice used for the purpose of dramatic, operatic or other representations, plays or performances, for admission to which money is received, is a theatre. If under lease on Oct. 22, 1914, the lessee shall pay the tax, unless otherwise stipulated between the parties.

All Other Public Exhibitions or Shows for Money—\$10. \$6.67 to June 30, 1915. To be paid by the proprietors or agents of shows in each state. BANKS ASKS RESERVE BOARD FOR PERMISSION TO LOWER RATES

Districts Desiring Lower Rates of Discount are Understood to be in the South and West.

Washington, Nov. 19.—Although rediscounting operations by federal reserve banks in three days have amounted to only a few million dollars, several of the banks already have sent requests to the federal reserve board for permission to lower the rates. No information was given out tonight by the board but it was understood the districts which ask a lower rate are in the north and west.

There is no present intention on the part of the board to change the rates and such action is not likely to be taken until all the reserves of member banks required at this time have been transferred to the reserve bank vaults.

Reports today indicated that nearly \$200,000,000 already has been transferred in the twelve districts leaving between \$50,000,000 and \$60,000,000 to be received. The greater portion of this sum is believed here to be due from country banks and delays in transportation probably account for its failure to put in an earlier appearance.

The board has been anxious that all the first installment of reserves be deposited by member banks in gold or other money and that advantage should be taken of the provision of the act by which reserves may be transferred in the shape of rediscounted commercial paper, a transfer of credit which adds nothing to the actual cash of the reserve bank or its potential loaning power. For this reason the re-discount rate was put about on the level of the discount rate in most sections, so that there has been little advantage to bankers to pass on their paper.

Will Reply From Pulpit.
Editor Journal.

My Dear Sir:
May I, through your courtesy, be permitted to reply to the gentleman who signs himself "Lycurgus", that the information he seeks will be given in my next sermon on "Christian Science", to be delivered at my church on the evening of December 6th. My sermon topic will be "All about Mrs. Eddy and her cult." Such matters as Mrs. Eddy's teaching regarding marriage, healing, etc. will be discussed. I would gladly answer the questions on Sunday evening next, were it not for the fact that a prominent Chicagoan will occupy my pulpit then, and will need all the time that can be spared him.

Sincerely, yours in the interest of Jacksonville,

Percy W. Stephens,

Minister First Baptist Church.

AMERICAN LEGATION

RAISED TO AN EMBASSY

Santiago, Chile, Nov. 19.—The ceremonies in connection with the raising in the rank of the American legation to an embassy were held here today and Henry P. Fletcher, the American ambassador presented his credentials to President Lazo. As a special mark of deference to the United States the Chilean minister of foreign affairs, Antonio Huneeus, called for Mr. Fletcher at the embassy accompanied by a regiment of lancers. The party went to the palace of the president, where Mr. Fletcher presented his credentials and made and address to which President Lazo replied.

The ceremony was held in the grand reception room of the palace and was attended by a full representation of foreign diplomats. Crowds cheered the new ambassador.

ADVOCATE BIG LOAN.

Memphis, Tenn., Nov. 19.—A movement for a loan of \$500,000,000 to bankers and business men of Central and South America was inaugurated at the first session here today of the International Trade conference of the Mississippi Valley and Central West.

Delegates declared that if such a loan were made by financial institutions in the United States the export business of the Mississippi Valley would be greatly increased.

J. J. Arnold of Chicago was selected as permanent chairman of the conference.

ACCUSED OF ELECTION FRAUD.

Edwardsville, Ills., Nov. 19.—Pearl Smith, assistant chief of police of Madison, Ills., and George Darling, a member of the Madison board of supervisors, were bound here this afternoon to answer to indictments charging them with permitting aliens to vote at the primary election in September. Both men were judges of election at the primary.

**BREAKS A COLD IN
JUST A FEW HOURS**

"Pape's Cold Compound" Ends Grippe Misery—Don't Stay Stuffed-up!

You can end grippe and break up a severe cold either in head, chest, body or limbs, by taking a dose of "Pape's Cold Compound" every two hours until three doses are taken. It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't say stuffed-up! Quit blowing and snuffing! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Be sure you get the genuine.

**URIC ACID IN MEAT
CLOGS THE KIDNEYS**

Take a Glass of Salts if Your Back Hurts or Bladder Bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

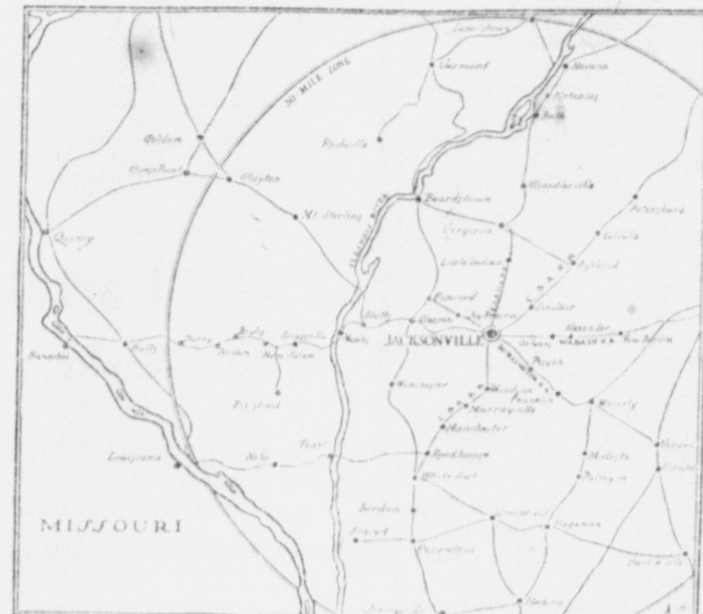

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

SURGEONS RECEIVE RANK IN AMERICAN COLLEGE.

Dr. Norris and Hairgrove Return From Washington, D. C. Where They Took Degrees.

Dr. F. A. Norris and Dr. J. W. Hairgrove returned Thursday evening from Washington, D. C., where they attended the third convocation of the American College of Surgeons and received fellowships in that organization. Six hundred surgeons received fellowships in the college at this meeting which was held Monday, Nov. 16, at the New Willard Hotel. With this session the charter of the college was renewed. The following surgeons went to Baltimore where they attended clinics and were given a banquet at the medical school of John Hopkins university. The total membership of the college is 2,700 surgeons.

The American College of Surgeons is formed for the raising of standards of practice and for mutual aid on the part of its members. It is organized on the plan of the Royal College of Surgeons at London, a society of high rank which was formed 250 years ago.

FUNERAL SERVICES FOR

LATE DR. HORACE REED

Many Ministers From Over the State in Attendance at Last Sad Rites—Burial Made in Decatur.

Funeral services were held for the Rev. Horace Reed Tuesday afternoon at the First Methodist church in Decatur. There was a large attendance, members of Dunham Post G. A. R. of Decatur attending in a body as did also the Decatur Ministerial association. Half a hundred ministers from all parts of the state were present.

Music was given by a quartet and Mrs. W. Roy Essick sang as a solo, "The Far Away Home of the Soul." At the grave Dr. E. M. Antrim offered a prayer. The quartet sang, "Home, Sweet Home", and the bugle sounded taps.

The services were conducted by Rev. E. M. Antrim. He was assisted by Rev. T. N. Ewing, pastor of Grace church, Decatur; Rev. Chris Galester of Paris and Rev. S. H. Whitlock of Homer. Brief eulogies were given by Rev. W. H. Webster of Danville, Rev. J. W. Miller of Jacksonville and Rev. E. M. Antrim of Decatur.

The remains were laid to rest in the Greenwood cemetery and the bearers were Rev. P. P. Carson, Pana; Rev. C. M. Barton, Moweaqua; Rev. M. G. Coleman, Taylorville; Rev. J. W. Miller, Jacksonville; Rev. J. F. Settles, Mansfield and Rev. T. N. Ewing of Springfield.

The funeral services for Mrs. Mary Ring widow of James Ring were held at 10 o'clock Thursday morning in St. Bartholomew's Catholic church in Murrayville. Owing to illness the pastor of the church, Rev. Fr. Healey was not able to conduct the service and Rev. Fr. Bell of Winchester had charge of the services and in the presence of a large assemblage of relatives and friends of the deceased celebrated requiem high mass. The singing was by the choir of the church. The bearers were Michael Riley, Thomas O'Connell, Jas. Begnell, Thomas Mandeville, John Conlon and Michael Doolin. Interment was made in the family lot in Calvary cemetery, Jacksonville.

The funeral services of Gertha, the infant daughter of Mr. and Mrs. Melvin E. Henderson were held from the church in Arcadia Thursday morning at 11 o'clock in charge of Rev. W. A. Boyd of this city. Interment was made in the Arcadia cemetery.

MORTUARY

Belk. Hardin Wallace Belk died Thursday afternoon at 2:50 o'clock at the home of his sister, Mrs. J. M. Woods in Franklin. He was born Feb. 22, 1883 and for a great many years had been an invalid unable to leave his chair.

He is survived by his father, four brothers and two sisters, Mrs. J. Woods, George and Charles of Franklin, Mac and John of Carlisle and Mrs. John Deatherage of Waverly. He was a member of the Christian church.

The funeral will be conducted Saturday, at an hour to be announced later. Interment will be made in the Franklin cemetery.

MANY TRAMPS AT CITY PRISON. Authorities at the city prison yesterday stated that they had housed 80 tramps in the last three days. Last night there were 24 men sleeping there. They not only occupied the spaces in the cells, but were out in corridors and on top of cells, any where to get a place to lie down. As the winter comes on the number of tramps increase and it has been several years since so much begging from house to house has been noticed. The wintry nights have driven the tramps to seek for shelter and all over the country they are being housed by city police officers. Most of the men claim that they were thrown out of work by factories closing down, railroads cutting down the number of men employed, and the general scarcity of work all over the country. A great many families in Jacksonville, will have to be helped through the winter.

NIGHT RAIDERS IN KENTUCKY. Bowling Green, Ky., Nov. 1.—A reign of terror is spreading over the western part of Kentucky as a result of the operation of night raiders. A band of fifty masked men has been visiting various homes and whipping many victims, apparently without cause. Among the victims was a wealthy timberman, Frank Hayes, of Rochester. At least one negro has been killed, numbers of whites and negroes have been whipped and warnings by the wholesale have been left in homes.

JOHN H. CHAPMAN WILL PREACH AT BAPTIST CHURCH

Prominent Layman of Chicago Will Give Address—Mass Meeting of Men at 9 P. M.

John H. Chapman, Esq., a prominent Baptist layman of Chicago, will preach at the First Baptist church on Sunday next. Mr. Chapman is a man of extensive experience, and was one of the founders of the National organization of Baptists young people—the B. Y. P. U. movement. He was the first national president of the movement, and so efficient was his service, that he was re-elected to that office of national importance for sixteen successive years.

Mr. Chapman began life by carrying a basket of crackers around to sell, and became one of the leading wholesale merchants of Chicago. Like many men of big business Mr. Chapman has passed through all kinds of business experiences and knows all about the ebb and flow of the business tide. He is a man's man, and has been a remarkable lay-worker in the Baptist denomination, giving much valuable time to Christian service all over the country.

The program for Sunday will be as follows:

In the morning Mr. Chapman will share in the service, but Rev. Percy W. Stephens will continue his November series of sermons on Heaven, the topic for the morning being "The Program of Heaven."

At 3 p. m. a mass mens meeting will be held for the purpose of organizing a Baptist Brotherhood. All men interested are invited. Mr. Chapman will have important methods to suggest, and a message of inspiration.

At 6:30 p. m. at the regular session of the B. Y. P. U. this honored founder and former president will take as his topic "A Message for the Hour". All young people are most heartily invited to this service.

At 7:30 o'clock Mr. Chapman will preach. His theme will be, "Give Ye Them to Eat."

The services are all free to the public, and all who attend will be most cordially welcomed.

FURNACE PRICE FURNISHES BASIS FOR COURT SUIT

G. A. Faugust and J. W. Taylor Had Different Understanding About Cost of Work—Five Dollar Damage Assessed in the Tribble vs. Burnett Case.

The attention of the Morgan county circuit court was Thursday occupied by the case of G. A. Faugust vs. J. W. Taylor, assumpt. The case was brought by Mr. Faugust who sought to collect \$190 in payment of a furnace which he installed for Mr. Taylor. The verdict was in favor of Mr. Faugust and the amount due was fixed at \$174.80. A misunderstanding in the contract was the cause of the suit. Mr. Taylor thought the furnace would be installed, ready for operation for the sum of \$106. Mr. Faugust declares that this sum was quoted just for the furnace alone, and did not include the labor or materials to be used in setting it up. The pipes and other material necessary were to be charged extra according to Mr. Faugust. Mr. Taylor did not understand the contract in this way and refused to pay over \$106 for the furnace installed. There were a number of witnesses in the case, among whom are the following: William J. Brady, Fred Faugust, Walter Ahlquist, Frank Sehy, Terrence Brennan, Miss Hulda Faugust, Charles Hoagland and John W. Bryson. The final arguments of the lawyers were concluded and the case given to the jury at about four o'clock.

A verdict was reached before six o'clock and the jurors declared \$174.80 due. Mr. Faugust's attorney was F. L. Gregory.

Tribble Gets Damages.

In the case of Frank S. Tribble vs. Isom Burnett, trespass, the jury at nine o'clock Thursday morning returned a verdict finding Isom Burnett guilty and assessing the plaintiff's damages at the sum of \$5.00. As there were thirty-one witnesses in the case, practically all of them from out of the city, the defendants court costs will approximate \$150.

PURE FOOD INSPECTORS HAVE BEEN BUSY HERE

Found Laws Are Generally Being Carried Out in a Satisfactory Way.

A. R. Lewis and L. H. Shannon, inspectors for the Illinois State Food commission, have just completed an inspection of Jacksonville grocery stores, ice cream parlors, restaurants, butcher shops, etc. Mr. Lewis in talking of the inspection said yesterday, "We found conditions satisfactory in most instances although in some establishments we made some recommendations. In a few weeks I will make a return visit and inspect the same establishments to see if the recommendations have been carried out to effect. If there has not been evidenced a disposition to meet the requirements then the department will act in enforcing the law. Our inspection this time was intended to cover all kinds of establishments where eatables are sold. One recommendation we made to a number of places was not especially suitable to this time of year but is worth remembering. Where an outdoor closet is maintained it is very essential to treat it at stated intervals with kerosene in order to keep the flies away. If flies are permitted to gather there they carry with them almost certainly germs of infection. We made some recommendations in several grocery stores but in the main we did not find much to complain of here in Jacksonville, there being an evident desire to comply with the pure food laws."

Mr. Lewis who has made his headquarters in Jacksonville for about a year has recently been transferred to the Galesburg district and will travel from that city. This change is desirable for him as his home is at Morris and he will now be able to reach that city every week or two.
